This Base Prospectus (together with any supplements thereto) constitutes a base prospectus for the purposes of Article 8 of Regulation (EU) 2017/1129 as amended (the "**Prospectus Regulation**"). It has been approved by the *Autorité des marchés financiers* (the "**AMF**") in France in its capacity as competent authority pursuant to the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer that is the subject of this Base Prospectus, nor of the quality of the Notes which are subject to this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. This Base Prospectus shall be in force for a period of one (1) year as of its date. This Base Prospectus supersedes and replaces the Base Prospectus dated 31 August 2022, as supplemented from time to time. The Notes issued under the Programme may also be unlisted or listed on an alternative stock exchange or market. The relevant final terms in respect of the issue of any Notes (the "**Final Terms**") will specify whether or not an application has been or will be made for such Notes to be listed and/or admitted to trading and, if so, the relevant Regulated Market(s) or stock exchange(s) where the Notes will be listed and/or admitted to trading.

The rating(s) of the Notes (if any) will be specified in the relevant Final Terms, including as to whether or not such credit ratings are (i) issued by credit rating agencies established in the European Union, registered (or which have applied for registration) under the CRA Regulation and included in the list of registered credit rating agencies published on the website of the ESMA (www.esma.europa.eu/supervision/credit-rating-agencies/risk) and/or (ii) issued or endorsed by a credit rating agency established in the United Kingdom and registered under CRA Regulation (EU) No 1060/2009 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "**UK CRA Regulation**") or certified under the UK CRA Regulation. INDEPENDENT REVIEW AND ADVICE

Each prospective investor in Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and legal or regulatory restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to below.

THE NOTES MAY NOT BE A SUITABLE INVESTMENT FOR ALL INVESTORS

Each prospective investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each prospective investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any supplement thereto and the relevant Final Terms;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact the relevant Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the prospective investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets;
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (vi) be aware, in terms of legislation or regulatory regime applicable to such investor of the applicable restrictions on its ability to invest in the Notes and in any particular type of Notes.

A prospective investor should not invest in Notes unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value

of such Notes and the impact this investment will have on the prospective investor's overall investment portfolio.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes will include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (“ESMA”) on 5 February 2018¹ and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU on markets in financial instruments (as amended, “MiFID II”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue of Notes about whether, for the purpose of the MiFID II product governance rules under EU Delegated Directive 2017/593 (the “MiFID II Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules. For the avoidance of doubt, the Issuer is not a MiFID II regulated entity and does not qualify as a distributor or a manufacturer under MiFID II Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA’s policy statement entitled “Brexit our approach to EU non-legislative materials”), and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue of Notes about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules. For the avoidance of doubt, the Issuer is not a UK MiFIR regulated entity and does not qualify as a distributor or a manufacturer under UK MiFIR Product Governance Rules.

IMPORTANT - PROHIBITION OF SALES TO EEA RETAIL INVESTORS –The Notes are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 dated 20 January 2016 on insurance distribution (as amended or superseded, the “Insurance Distribution Directive”) where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

¹ Or item 19 of the Guidelines published by ESMA on 27 March 2023 as from their application date, which is expected to be in October 2023.

IMPORTANT – PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client, as defined in point (8) of Article 2 of Commission Delegated Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, “FSMA”) and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA or (iii) not a qualified investor as defined in Article 2 of the Prospectus Regulation as it forms part of UK domestic law by virtue of the EUWA (the “UK Prospectus Regulation”). Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

NOTIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT 2001 (REVISED EDITION 2020) OF SINGAPORE – Solely for the purposes of its obligations pursuant to sections 309B(1)(a) and 309B(1)(c) of the Securities and Futures Act 2001 (Revised Edition 2020) of Singapore (the “SFA”), the Issuer has determined, and hereby notifies all relevant persons (as defined in Regulation 3(b) of the Securities and Futures (Capital Markets Products) Regulations 2018 (the “SF (CMP) Regulations”) that, unless otherwise stated in the relevant Final Terms, all Notes issued under the Programme shall be prescribed capital markets products as defined in SF (CMP) Regulations and 5 WS0101.34089799.1 “Excluded Investment Products” (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

TAXATION

Prospective purchasers and sellers of the Notes may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial notes such as the Notes. Prospective investors are advised not to rely upon the tax overview contained in this Base Prospectus and any supplement thereto but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of the prospective investor.

GREEN AND POSITIVE IMPACT NOTES

Neither the Arranger nor any Dealer makes any representation as to the suitability of the Green and Positive Impact Notes Projects (as defined in the section headed “Use of Proceeds”) to fulfil green or sustainability criteria required by prospective investors. The Arranger and the Dealers have not undertaken, nor are responsible for, any assessment of the eligibility criteria for eligible green projects or eligible sustainability projects, any verification of whether Green and Positive Impact Notes meet the eligibility criteria, the monitoring of the use of proceeds of any Green and Positive Impact Notes, or the allocation of the proceeds (or amounts equal or equivalent thereto) by the Issuer to particular eligible green projects or eligible sustainability projects.

Each prospective investor in the Green and Positive Impact Notes should determine for itself the relevance of the information contained in this Base Prospectus and the relevant Final Terms regarding the use of proceeds and its purchase of the Green and Positive Impact Notes should be based upon such investigation as it deems necessary. Investors should refer to the Issuer's website, the Issuer's relevant framework to be published on the Issuer's website on or before the issue of any Green and Positive Impact Notes, the second party opinion delivered in respect thereof, if any, and any public reporting by or on behalf of the Issuer in respect of the

application of the proceeds of any issue of Green and Positive Impact Notes for further information. Any such framework and/or second party opinion and/or public reporting will not form part of, nor be incorporated by reference in this Base Prospectus. No assurance or representation is given by any of the Dealers or the Arranger as to the content, suitability or reliability for any purpose whatsoever in respect of (i) any opinion or certification of any third party (whether or not solicited by the Issuer) on the Issuer's relevant framework, (ii) any framework to be published on the Issuer's website on or before the issue of any Green and Positive Impact Notes, (iii) any public reporting or (iv) any Green and Positive Impact Notes. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Dealers or the Arranger, to buy, sell or hold any Green and Positive Impact Notes and would only be current as of the date it is released. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. In addition, payments of principal and interest (as the case may be) on Green and Positive Impact Notes shall not depend on the performance of the relevant projects (as described in the "Reasons for the offer" paragraph in the relevant Final Terms), nor on the achievement of any green or sustainable objectives. None of the Arranger or the Dealers will verify or monitor the proposed use of proceeds of the Green and Positive Impact Notes issued under the Programme. Moreover, if Green and Positive Impact Notes were listed or admitted to trading on a specific segment of any stock exchange for green or sustainable notes, or included in an index or indices, neither the Issuer nor any Dealer makes any representation as to the satisfaction of such Green and Positive Impact Notes to fulfil the criteria of such specific segments, index or indices, and, if the Green and Positive Impact Notes were listed or admitted to trading, that any such listing or admission to trading, or inclusion in such index or indices, will be maintained during the life of the Green and Positive Impact Notes.

 - (B) subordinated obligations and deeply subordinated obligations of the Issuer.

For the avoidance of doubt, all notes issued by the Issuer as direct, unsecured and unsubordinated obligations prior to its transformation into a financial holding company

(*compagnie financière holding*) on 22 May 2023 constitute senior obligations of the Issuer ranking as senior preferred obligations (as provided for in Article L. 613-30-3-I-3° of the French *Code monétaire et financier*).

- subject to such payment in full, the holders of Notes and, where applicable, any related Coupons shall be paid in priority to any present or future holders of, or creditors in respect of, obligations referred to in (iii) above; and
- in the event of incomplete payment of Preferred Creditors, the obligations of the Issuer in connection with the Notes and, where applicable, any related Coupons will be terminated.

Interest and Rates:	<p>Periods and Interest The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate (deemed to be equal to 0), or both. in each case plus or minus any applicable margin, if any, and calculated and payable as indicated in the relevant Final Terms. Floating Rate Notes may also have a Maximum Rate of Interest, a Minimum Rate of Interest or both.

The Minimum Rate of Interest, being the relevant rate of interest plus any relevant margin, shall be deemed to be zero.

Where Linear Interpolation is specified in the relevant Final Terms in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by straight line linear interpolation by reference to two rates based on the relevant FBF Rate, the relevant Reference Rate or the relevant Floating Rate Option, as the case may be.

In the event that a Benchmark Event occurs, such that any floating interest (or any component part thereof) cannot be determined by reference to the original benchmark or screen rate (as applicable) specified in the relevant Final Terms, then Independent Adviser may be permitted to substitute such benchmark and/or screen rate (as applicable) with a successor, replacement or alternative benchmark and/or screen rate (with consequent amendment to the terms of such Series of Notes and, potentially, the application of an Adjustment Spread (which could be positive or negative)).

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes and may be material for the purpose of assessing the market risks associated with Notes to be issued under the Programme. All of these factors are contingencies which may or may not occur. The risk factors may relate to the Issuer or the Group.

The Issuer believes that the factors described below and in the documents incorporated by reference are specific to the Issuer and/or the Notes and material for an informed investment decisions with respect to investing in Notes issued under the Programme. The Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below and in the documents incorporated by reference are not the only risks the Issuer faces. Additional risks and uncertainties not currently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations.

Prospective investors should also read the detailed information set out elsewhere or incorporated by reference in this Base Prospectus and the Final Terms of the relevant Notes and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Issuer and the Notes prior to investing in Notes issued under the Programme.

In each sub-category below the Issuer sets out first the most material risks, in its assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

Terms used but not defined in this section will have the same meaning given to them in the "Terms and Conditions of the Notes".

I. RISK FACTORS RELATING TO THE ISSUER AND ITS SUBSIDIARIES

Given the diversity and changes in the Group's activities, its risk management focuses on the following main categories of risks, any of which could adversely affect the Group's performance.

The following risk factors set out in "Chapter 4. Risks factors" on pages 109 to 127 of the English version of the Issuer's registration document dated 12 April 2023 and which was filed with the AMF on 12 April 2023 under no. D.23-0261 (the "**2022 Universal Registration Document**") shall be deemed to be incorporated by reference in, and form part of, this Part I (see section "*Information Incorporated by Reference*"), with the exception of the risk factor set out in "Chapter 4. Risks factors – 4.1.3 Regulatory risk" on page 112 of the 2022 Universal Registration Document which is replaced by the risk factor "*New regulatory status entails significant requirements to comply with, while changes in the regulatory framework to which the Group is subject by virtue of its status could have a negative impact on its business, financial situation, costs and the financial and economic environment in which it operates*" set out below.

1. Macroeconomic, geopolitical and regulatory risks

- *The Group's business and results may be impacted by a deterioration of the economic and/or geopolitical environment.*
- *The Group's business and results could be affected by public health risks, which could disrupt operations, weaken economies and increase default rates.*

2. Risks specific to activity

- *The Group may be unable to sell its used vehicles at desirable prices, and faces risks related to the residual value of its vehicles in connection with such disposals.*
- *The Group's pricing structure and assumptions regarding the future maintenance and repair costs and tyre costs of the vehicles in its fleet over the term of the lease may prove to be inaccurate, which could result in reduced margin or losses.*
- *The Group's activities are based on contractual relationships with intermediaries in the distribution of contracts (car manufacturers, banks, retail websites).*

- Car manufacturers providing vehicles, maintenance and spare parts as well as the other suppliers of aftersales service.
- Some of the partners in related services have a monopoly position in their market.

3. Strategic risks

- The Group could encounter difficulties in executing announced acquisitions and generating the expected benefits and synergies. The integration of newly acquired companies may also divert management from existing operations.
- The Group may not be able to compete successfully, or competition may increase in the businesses in which it operates.

4. Credit risk

The Group is exposed to the risk of default by its customers under leases and/or Fleet Management contracts.

5. Operational risks

- The Group can fail to ensure the proper functioning of its software, websites and mobile applications, or fail to adapt them to future technological developments.
- Any disruption to, or third-party attack on, the Group's information technology systems could adversely impact its business.
- The Group could be subject to litigation or administrative and/or legal proceedings as well as to sanctions for non-compliance with regulations that could harm its interests.
- The Group's business could have adverse impacts on the climate, the environment and society, or may be impacted by climate, environmental, or societal change.

6. Treasury risks

- Inability to meet its financial commitments when they fall due.
- The Group is marginally exposed to interest rate risk and is exposed to a foreign exchange rise in countries outside the Euro zone.

In addition to the risk factors above, the Issuer and the Group is subject to the following regulatory risk:

New regulatory status entails significant requirements to comply with, while changes in the regulatory framework to which the Group is subject by virtue of its status could have a negative impact on its business, financial situation, costs and the financial and economic environment in which it operates.

Following the completion of the acquisition of LeasePlan on 22 May 2023, ALD has been granted the regulatory status of financial holding company (*compagnie financière holding*) and is now directly supervised by the European Central Bank (the "ECB") and by the *Autorité de contrôle prudentiel et de résolution* ("ACPR") in their respective areas of competence as a result of its classification as a "significant" financial institution.

The Group must comply with all legal obligations associated with ALD's new regulatory status, in particular those described by the Order of the Minister of Finance and Public Accounts of the French Republic of 3 November 2014 relating to the internal control of companies in the banking, payment and investment services sector subject to the supervision of the *Autorité de contrôle prudentiel et de résolution* ("ACPR"). From a prudential perspective, ALD will have to report Solvency, Leverage and Large Exposures ratios, together with other reporting obligations under the European Banking Authority's supervisory reporting frameworks, i.e. the common reporting (COREP) and financial reporting (FINREP) frameworks. ALD must carry out the Internal Capital Adequacy Assessment Process (ICAAP) exercise on an annual basis and comply with Pillar 2 requirements that will be determined by the ECB in the context of its Supervisory Review and Evaluation Process (SREP) of the Issuer.

As a result of the above, if the Group is unable to comply with all the obligations incumbent on it as a result of its change in regulatory status, or if its supervisor deems the measures taken to comply with them to be insufficient, this could result in the need for the Group to mobilize human, material and financial resources to implement remediation plans to bridge the gaps, or to the obligation for the Group to increase its own funds or eligible liabilities resources at costs that could be detrimental for its financial situation, or, in case of repeated failure to comply with requirements, to the imposition of administrative and / or financial penalties by the supervision authorities or to a withdrawal of its regulatory status of financial holding company (*compagnie financière holding*).

II. RISK FACTORS RELATING TO THE NOTES

The following does not describe all the risks of an investment in the Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investment in the Notes and the suitability of investing in the Notes considering their particular circumstances. The following categories of risk factors are identified:

1. Risks for the Noteholders as creditors of the Issuer

1.1 **The principal amount of the Notes may be reduced to absorb losses, and in case of resolution procedure, the Notes may be written down or converted to equity or other resolution measures may be required by applicable French and European legislation**

As a consequence of its change of regulatory status into a financial holding company (*compagnie financière holding*) on 22 May 2023, the Issuer became subject, among others, to the BRRD and the SRM Regulation (each, as defined in Condition 15 (*Acknowledgement of Bail-In and Write-Down or Conversion Powers*)). The BRRD and the SRM Regulation provide the Resolution Authority with certain powers if the Issuer is subject to resolution, which include write-down/conversion powers to ensure that capital instruments and bail-inable liabilities (such as the Notes) absorb losses of the Issuer in accordance with a set order of priority (the "**Bail-in Power**").

Subject to certain exceptions, such Bail-in Power is to be implemented, so that losses are borne first by shareholders, then by holders of capital instruments, then by the holders of subordinated debt instruments, then by the holders of senior non-preferred debt instruments and finally by the holders of senior preferred debt instruments (including the Notes), all in accordance with the order of their claims in normal insolvency proceedings in France.

The Bail-in Power could result in the full (i.e., to zero) or partial write-down or conversion into ordinary shares or other instruments of ownership of the Notes, or, to the extent permitted by applicable law, the variation of the Terms and Conditions of the Notes (for example, the maturity and/or interest payable may be altered and/or a temporary suspension of payments may be ordered). The exercise of any of these powers may adversely affect the rights of Noteholders and Noteholders may lose all or some of their investment in the Notes.

In April 2023, the European Commission released a proposal to amend the BRRD so that senior preferred debt instruments (such as the Notes) would no longer rank *pari passu* with any non-covered non-preferred deposits of the Issuer; instead, senior preferred debt instruments (such as the Notes) would rank junior in right of payment to the claims of all depositors. This proposal will be discussed and may be amended by the European Parliament and the European Council before being final and applicable. If the European Commission proposal is adopted as is, its implementation may increase the risk for an investor in the Notes losing all or some of their investment in the context of the exercise of the Bail-in Power. The proposal may also lead to a rating downgrade for senior preferred debt instruments (such as the Notes). See the risk factor "*Risks related to the market for the Notes and credit ratings – Credit ratings may not reflect all risks and may be lowered, suspended, withdrawn or not maintained*" for further information on credit ratings.

In addition, as a result of its change of regulatory status into a financial holding company, the Issuer will have to meet, at all times, a minimum requirement for own funds and eligible liabilities (MREL), the level of which will be determined by the ECB and is expected to be notified to the Issuer in 2025.

The Resolution Authority may also, independently of a resolution measure or in combination with a resolution measure, write down or convert into ordinary shares, or other instruments of ownership, capital instruments and eligible liabilities (which do not include the Notes and it being specified that the write-down and conversion of eligible liabilities is only possible in a resolution scheme, except for eligible liabilities included in the internal MREL). In particular, the Resolution Authority is required to exercise the write-down or conversion power (i) where the conditions for resolution have been met, before any resolution action is taken, (ii) where it determines that, unless that power is exercised, the institution would no longer be viable, or (iii) where the institution requires extraordinary public financial support (subject to certain exceptions).

Condition 15 (*Acknowledgement of Bail-In and Write-Down or Conversion Powers*) contain provisions giving effect to the Bail-in Power in the context of resolution and write-down or conversion of capital instruments at the point of non-viability.

The application of any measure under the French implementing provisions of the BRRD and BRRD II or any suggestion of such application with respect to the Issuer or Société Générale could, materially adversely affect the rights of Noteholders, the price or value of an investment in the Notes and/or the ability of the Issuer to satisfy its obligations under any Notes, and as a result, investors may lose their entire investment.

Moreover, if the Issuer's financial condition deteriorates, the existence of the Bail-in Power or the exercise of write-down/conversion powers or any other resolution tools by the Resolution Authority independently of a resolution measure or in combination with a resolution measure when it determines that the institution or its group will no longer be viable could cause the market value of the Notes to decline more rapidly than would be the case in the absence of such powers.

Therefore, the application of any measure under the French implementing provisions of the BRRD and BRRD II or any suggestion of such application to the Issuer or the Group could materially and adversely affect the rights of investors and/or the price or value of their investment in any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes, and as a result, investors may lose their entire investment. For more details, see section "Governmental Supervision and Regulation of the Issuer".

1.2 **Noteholders' returns may be limited or delayed by the insolvency of the Issuer**

The Issuer is a financial holding company (*compagnie financière holding*) in the form of a *société anonyme* with its registered office in France.

In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the "centre of main interests" (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

If the Issuer were to become insolvent, Noteholders' returns could be limited or delayed. Application of French insolvency law could affect the Issuer's ability to make payments on the Notes (such as interest and/or principal) and French insolvency laws may not be as favourable to Noteholders as the insolvency laws of other countries.

Under French insolvency law, as amended by the newly enacted ordinance No 2021-1193 dated 15 September 2021 implementing EU directive 2019/1023 of the European Parliament and the Council of 20 June 2019 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 (the "**Ordinance**"), in the event of a safeguard procedure (*procédure de sauvegarde*), an accelerated safeguard procedure (*procédure de sauvegarde accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) with a view to restructuring the Issuer's indebtedness being opened in France with respect to the Issuer, the Noteholders shall be treated as affected parties to the extent their rights are impacted by the draft plan and assigned to a class of affected

parties. The Noteholders can be regrouped in a class of affected parties with other creditors sharing sufficient commonality of economic interests on the basis of objective and verifiable criteria (defined below).

The draft safeguard plan prepared by the relevant debtor, with the assistance of the court-appointed administrator, is submitted to the vote (at a two-third majority in value) of each class of affected parties. Such affected parties cannot propose their own competing plan in safeguard procedures (as opposed to judicial reorganisation proceedings).

If the draft plan has not been approved by all classes of affected parties, such plan may (at the request of the debtor or of the court-appointed administrator, subject to the relevant debtor's approval (or at the request of an affected party in the context of judicial reorganisation proceedings)) be imposed on the dissenting class(es) of affected parties subject to the satisfaction of certain statutory conditions.

As a consequence, the dissenting vote of the Noteholders within their class of affected parties may be overridden.

For the avoidance of doubt, the provisions relating to the representation of the Noteholders as further described in Condition 11 (*Meeting and voting provisions*) will not be applicable to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

The ACPR must approve in advance the opening of any safeguard, judicial reorganization or judicial liquidation procedures.

The commencement of insolvency proceedings could have an adverse impact on the market value of the Notes and Noteholders may lose all or part of their investment. For more details, see section "Governmental Supervision and Regulation of the Issuer".

1.3 **Noteholders bear the credit risk of the Issuer**

The Notes are direct, unconditional, unsecured and senior obligations of the Issuer ranking as senior preferred obligations (as provided for in Article L. 613-30-3-I-3° of the French *Code monétaire et financier*) as provided in Condition 3 (*Status of the Notes*) and will be effectively subordinated to any secured senior indebtedness that the Issuer may incur to the extent of the value of, and the validity and priority of the liens on, the Issuer's assets securing that indebtedness. In the event of the Issuer's liquidation, dissolution, reorganization, bankruptcy or any similar proceeding, whether voluntary or involuntary, the holders of any of the Issuer's secured indebtedness would be entitled to be paid from the assets securing that indebtedness before the Issuer's assets may be used to make any payment in respect of the Notes.

There is no negative pledge in respect of the Notes and the terms and conditions of the Notes place no restrictions on the amount of debt that the Issuer may issue that ranks senior to the Notes, or on the amount of securities it may issue that rank *pari passu* with the Notes. The issue of any such debt or securities may reduce the amount recoverable by Noteholders upon liquidation of the Issuer.

Noteholders purchasing the Notes will rely upon the creditworthiness (ability to pay) of the Issuer and no other person. Therefore, Noteholders face the risk of not receiving any payment on their investment if the Issuer file for bankruptcy or is otherwise unable to pay their debt obligations.

The Issuer's ability to pay its obligations under the Notes are dependent upon a number of factors, including the Issuer's creditworthiness, financial condition and results of operations.

1.4 **Limited events of default in respect of the Notes**

Holders of the Notes may only give notice that such Note is immediately due and repayable in a limited number of events (as further described in Condition 9 (*Events of Default*)). Such events of default do not include, for example, a cross-default of the Issuer's other debt obligations. Upon a payment default, the sole

remedy available to Noteholders and, where applicable, Couponholders for recovery of amounts owing in respect of any payment of principal or interest on such Notes will be the institution of judicial proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

Due to the limited events of default, the liquidity and market value of the Notes may be adversely affected if the financial situation of the Issuer were to deteriorate and investors who sell Notes on the secondary market could lose all or part of their investment.

1.5 The Issuer is not prohibited from issuing further debt, which may rank *pari passu* with the Notes

There is no restriction on the amount of debt that the Issuer may issue that ranks senior to the Notes or on the amount of securities that it may issue that rank *pari passu* with the Notes and the aggregate amount due under such outstanding debt may be substantial. The Issuer's incurrence of additional debt may have important consequences for investors in the Notes, including increasing the risk of the Issuer's inability to satisfy its obligations with respect to the Notes; a loss in the market value of the Notes, if any; and a downgrading or withdrawal of the credit rating(s) of the Notes (if any). The issue of any such debt or securities may reduce the amount recoverable by investors upon the Issuer's resolution, liquidation, dissolution, reorganization or bankruptcy or upon the occurrence of similar proceedings. If the Issuer's financial condition were to deteriorate, Noteholders could suffer direct and materially adverse consequences, including suspension of interest, reduction of interest and principal and, if the Issuer were liquidated (whether voluntarily or involuntarily) or become subject to any resolution procedure, the Noteholders could suffer loss of their entire investment.

1.6 Meetings of Noteholders and modifications; defined majorities may bind all Noteholders

If the Final Terms specify "Contractual Masse", the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defense of their common interests in a Masse, as defined in Condition 11 (*Meeting and voting provisions*). The Terms and Conditions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend (or were not represented) and vote at the relevant General Meeting, Noteholders who voted in a manner contrary to the majority and Noteholders who did not respond to, or rejected, a Written Decision. Noteholders may deliberate on proposals relating to the modification of the Terms and Conditions subject to the limitations provided by French law. If a proposal is duly adopted and such modifications were to impair or limit the rights of Noteholders, this may have a negative impact on the market value of the Notes.

By exception to the above provisions, Condition 11(b) (*Contractual Masse*) provides that the provisions of Article L. 228-65 I. 1°, 3°, 4° and 6° of the French *Code de commerce* (respectively providing for a prior approval of the General Meeting of any change in corporate purpose or form of the Issuer or of merger (*fusion*) or demerger (*scission*) or of an issue of bonds benefiting from a security (*sûreté réelle*) or any proposal to transfer the registered office of a *société européenne* to another European Member State) and the related provisions of the French *Code de commerce* shall not apply to the Notes. As a result of these exclusions, the prior approval of the Noteholders will not have to be obtained on any such matters which may affect their interests generally.

If the Final Terms specify "No Masse", the Noteholders will not be grouped for the defence of their common interests in a *masse* and the meeting and voting provisions of Condition 11(a) (*No Masse*) will apply.

1.7 The use of proceeds from Notes identified as Green and Positive Impact Notes in the Final Terms may not be suitable for an investor's specific investment criteria

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to apply an amount equal to the net proceeds of the issue of "green and positive impact" Notes (the "**Green and Positive Impact Notes**") to finance or refinance exclusively projects relating to Eligible vehicles (such projects the "**Eligible vehicles**"), that contribute to the development of clean transportation and the transition to a low

carbon future in accordance with the eligibility criteria set out in the green and positive impact bonds framework, as amended and supplemented from time to time (the "**Framework**") which is available on the website of the Issuer: <https://www.aldautomotive.com/investors/information-and-publications/debt-investors>.

Prospective investors should have regard to the information set out in the relevant Final Terms and the Framework regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Green and Positive Impact Notes together with any other investigation such investor deems necessary. In particular, the Eligible vehicles (as indicated in the "Reasons for the offer" paragraph in the relevant Final Terms and as more fully described in the Framework) may not satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by virtue of any present or future applicable law or regulations or by virtue of its own by-laws or other governing rules or investment portfolio mandates.

It should be noted that there is no market consensus as to what constitutes, a "positive impact" project and as to what constitutes, a "green", "sustainable" or an equivalently-labelled project. A basis for the determination of such a definition has been established in the European Union with the adoption on 18 June 2020 of Regulation (EU) No. 2020/852 on the establishment of a framework to facilitate sustainable investment by the Council and the European Parliament (the "**Taxonomy Regulation**"). The Taxonomy Regulation establishes a single EU-wide classification system, or "taxonomy", which provides companies and investors with a common language for determining which economic activities can be considered environmentally sustainable. The Commission Delegated Regulation (EU) 2021/2139 of 4 June 2021 supplementing the Taxonomy Regulation by establishing criteria for determining which economic activities can be considered environmentally sustainable (i.e. activities that contribute substantially to climate change mitigation or adaptation) entered into force on 1 January 2022. However, the Taxonomy Regulation remains subject to further developments with regard to specific economic activities. In light of the continuing development of legal, regulatory and market conventions in the green, sustainable and positive social impact markets, there is a risk that the Eligible Vehicles (as defined in the "Reasons for the offer" paragraph in the relevant Final Terms) will not satisfy, whether in whole or in part, any future legislative or regulatory requirements, or any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply.

While it is the intention of the Issuer to apply an amount equal to the proceeds of any Green and Positive Impact Notes in, or substantially in, the manner described in the relevant Final Terms and the Framework, (i) the relevant asset or use(s) the subject of, or related to, any asset, may not be capable of being implemented in or substantially in such manner and/or in accordance with any specified timing schedule or (ii) such proceeds may not be totally or partially disbursed for the purposes of such asset. Such asset may not be completed within any specified period or even at all or with the results or outcome (whether or not related to the "positive impact" aspect) as originally expected or anticipated by the Issuer. Any such event or failure by the Issuer will not give rise to any right of a Noteholder to request the early redemption, purchase or acceleration of the Green and Positive Impact Notes held by it.

Any such event may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended to finance such projects and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose and, consequently, Noteholders could be adversely affected.

2. **Risks related to the market for the Notes and credit ratings**

2.1 **Market value of the Notes**

The market value of the Notes will be affected by the creditworthiness and/or the credit ratings of the Issuer and/or cost of borrowing and a number of additional factors, including, the market interest and yield rates and the time remaining to the maturity date.

The market value of the Notes depends on several interrelated factors, including economic, financial, regulatory, social, health and political events in France and elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder

may sell the Notes prior their Maturity Date may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. Therefore, Noteholders may lose all or part of their investment in the Notes.

2.2 It is uncertain whether a trading market will develop or continue and whether it will be liquid

Notes may have no established trading market when issued, and an active trading market may not develop in the future. If a market does develop, it may not be very liquid. The liquidity and the market prices for the Notes can be expected to vary with changes in market and economic conditions, the Issuer's financial condition and prospects and other factors that generally influence the market prices of securities. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have a severely adverse effect on the market value of Notes.

Moreover, although the Issuer can purchase Notes at any moment pursuant to Condition 6(l) of the Terms and Conditions, this is not an obligation for the Issuer. Purchases made by the Issuer could affect the liquidity of the secondary market of the relevant Notes and thus the price and the conditions under which investors can negotiate these Notes on the secondary market.

If the Final Terms provide that application is made for a Series of Notes issued under the Programme to be listed and admitted to trading on any regulated market and/or on any stock exchange, such particular application may not be accepted, that such Series of Notes will be so admitted or that an active trading market in respect of such Series will develop or that, once accepted and/or admitted, such admission and/or listing will not be suspended or terminated during the life of the Notes of such Series. Such situation could materially affect the market value of the Notes.

2.3 Credit ratings may not reflect all risks and may be lowered, suspended, withdrawn or not maintained

One or more independent credit rating agencies may assign credit ratings to the Notes. At the date of this Base Prospectus, the Notes issued under the Programme are expected to be rated A- by S&P, A- by Fitch and A1 by Moody's, as described in the section "General Description of the Programme". The rating of the Notes will be specified in the relevant Final Terms. Following the date of this Base Prospectus, any such ratings may not be maintained for any period of time or may not be reviewed, revised, suspended or withdrawn entirely by the rating agencies as a result of changes in or unavailability of information or if, in the judgement of the rating agencies, circumstances so warrant.

If any rating assigned to the Notes is revised, lowered, suspended, withdrawn or not maintained, the market value of the Notes could be adversely affected. Further, rating agencies may assign unsolicited ratings to the Notes. If non-solicited ratings are assigned, such ratings may differ from, or be lower than, the ratings sought by the Issuer.

2.4 Changes in exchange rate and exchange controls could result in a substantial loss

This Programme allows for Notes to be issued in a Specified Currency as defined in Condition 2(a). The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may change significantly (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, Noteholders may receive less interest or principal than expected, or no interest or principal as measured in the Noteholder's Currency.

3. Risks related to the structure and features of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for prospective investors depending on the specific structure and features of such Notes.

3.1 Risks relating to early redemption of the Notes

Pursuant to Condition 6 (*Redemption, Purchase and Cancellation*), and if specified as applicable in the relevant Final Terms, the Issuer may, at its option, redeem in whole or in part the Notes prior to their Maturity Date through the exercise of the Issuer's corresponding option to early redeem the Notes.

In such event, an investor generally may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. This could have a material adverse effect on the yield of the Notes that could be considerably less than anticipated by the Noteholders.

In addition, any optional redemption of the Notes by the Issuer is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, or is perceived to be likely to redeem Notes, the market value of those Notes generally will not rise above the price at which they can be redeemed. This also may be true prior to any redemption period.

3.2 Risks related to interest rate applicable to the Notes

3.3.1 Changes in interest rates may adversely affect the value of the Notes

Investors are exposed to the risk that if interest rates increase after the issuance of the Notes, the value of the Notes could be adversely affected and investors could lose all or part of their investment.

Investors in Fixed Rate Notes (see Condition 5(b) (*Interest on Fixed Rate Notes*)) are exposed to the risk that if interest rates subsequently increase above the rate paid on the Fixed Rate Notes, the value of the Notes could be adversely affected.

Investors in Floating Rate Notes (see Condition 5(c) (*Interest on Floating Rate Notes*)) are exposed to the risk that they cannot anticipate the interest income on the Floating Rate Notes. Due to varying interest income, investors are not able to determine a definite yield for Floating Rate Notes at the time they purchase them, and therefore their investment return cannot be compared with that of investments having longer fixed interest periods and this will adversely affect the value of the Notes.

3.3.2 If EURIBOR or any other benchmark is discontinued, the applicable floating Rate of Interest will be changed in ways that may be adverse to holders of such Notes, without any requirement that the consent of such holders be obtained.

Pursuant to Condition 5(c) (*Interest on Floating Rate Notes*) and 5(e) (*Fixed/Floating Rate Notes*) which applies to any Notes which pay a floating Rate of Interest (including Floating Rate Notes and Fixed/Floating Rate Notes), where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, if the relevant reference rate has been discontinued, the fallback arrangements referenced in the Conditions will include the possibility that:

- the relevant Rate of Interest (or, as applicable, component thereof) could be set or, as the case may be, determined by reference to a successor rate or a substitute rate (as applicable); and
- such successor rate or substitute rate (as applicable) may be adjusted (if required).

No consent of the Noteholders shall be required in connection with effecting any successor rate or alternative rate (as applicable) or with any other related adjustments and/or amendments to the Conditions (or any other document) which are made in order to effect any successor rate or alternative rate (as applicable).

The successor or alternative rate (as applicable) may have no or very limited trading history and accordingly its general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure. In addition, given the uncertainty concerning the availability of successor or alternative rate (as applicable) and the involvement of a Reference Rate Determination Agent, the fallback provisions may not operate as intended at the relevant time and the successor or alternative rate (as applicable) may perform differently from the discontinued benchmark. These could significantly affect the performance of a successor or alternative rate (as applicable) compared to the historical and expected performance of EURIBOR or the applicable benchmark.

Any change or adjustment applied to any Series of Notes may not adequately compensate for this impact. Any such adjustment could have unexpected commercial consequences and, due to the particular circumstances of each Noteholder, any such adjustment may not be favorable to each Noteholder. This could in turn impact the Rate of Interest on, and trading value of, the affected Notes. Moreover, any holders of such Notes that enter into hedging instruments based on the relevant reference rate may find their hedges to be ineffective, and they may incur costs replacing such hedges with instruments tied to the successor or alternative rate (as applicable).

In certain circumstances, the ultimate fallback for a particular Interest Period, including where no successor or alternative rate (as applicable) is determined, may be that the Rate of Interest for the last preceding Interest Period is used for the following Interest Period. This may result in the effective application of a fixed rate for Floating Rate Notes and Fixed/Floating Rate Notes (as applicable).

Furthermore, in the event that no successor or alternative rate (as applicable) is determined and the affected Notes are effectively converted to fixed-rate Notes as described above, investors holding such Notes might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, holders of such Notes will not benefit from any increase in rates. The trading value of such Notes could therefore be adversely affected. There is a high probability that certain interbank offered rates will cease to exist or undergo changes that could increase the likelihood of the risks set out above materialising.

3.3.3 The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"

In accordance with the provisions of Condition 5(c)(iii)(E) (*Benchmark discontinuation*) and where the applicable Final Terms for a Series of Floating Rate Notes or Fixed/Floating Rate Notes specify that the Rate of Interest for such Notes will be determined by reference to Reference Rates that constitute "benchmarks" (such as EURIBOR), for the purposes of Regulation (EU) 2016/1011, as amended or supplemented (the "**Benchmarks Regulation**"), published in the Official Journal of the EU on 29 June 2016 and applied since 1 January 2018.

Interest rates and indices which are deemed to be "benchmarks" (including EURIBOR) are the subject of recent national and international regulatory guidance and proposals for reforms. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such "benchmarks" to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods or to have other consequences which cannot be predicted as of the date of this Base Prospectus. Any such consequence could have a negative impact on any Floating Rate Notes or Fixed/Floating Rate Notes linked to or referencing such a "benchmark".

The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EEA. Notwithstanding the provisions of Condition 5(c)(iii)(E) (*Benchmark discontinuation*), the Benchmarks Regulation could have a material adverse impact on any Notes linked to or referencing a "benchmark", in particular in any of the following circumstances:

- if the administrator of the relevant benchmark does not obtain authorisation or registration or, if based in a non-EU jurisdiction, such administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply, the relevant benchmark may not be permitted to be used by a supervised entity in certain ways; and

- if the methodology or other terms of the relevant benchmark are changed in order to comply with the requirements of the Benchmarks Regulation, such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of such benchmark and as a consequence, Noteholders could lose part of their investment.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the following effects on certain benchmarks (including EURIBOR): (i) discourage market participants from continuing to administer or contribute to certain benchmarks; (ii) trigger changes in the rules or methodologies used in certain benchmarks or (iii) lead to the disappearance of certain benchmarks. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Floating Rate Notes or Fixed/Floating Rate Notes linked to or referencing a "benchmark".

If a benchmark were discontinued or otherwise unavailable, the Rate of Interest on Floating Rate Notes or Fixed/Floating Rate Notes which are linked to or which reference such benchmark will be determined for the relevant period by the fallback provisions applicable to such Floating Rate Notes or Fixed/Floating Rate Notes (please refer to the risk factor entitled "*If a Benchmark Event (as further described in Condition 5(c)(iii)(E) (Benchmark discontinuation)) has occurred, the Rate of Interest on the affected Floating Rate Notes will be changed in ways that may be adverse to holders of such Floating Rate Notes, without any requirement that the consent of such holders be obtained*" below). However, such fallback provisions may be deviated from if deemed unsuitable by the Commission or the relevant national authority, as further explained below.

Depending on the manner in which a benchmark is to be determined under the Terms and Conditions, this may in certain circumstances (i) if ISDA Determination or FBF Determination applies, result in the application of a backward-looking, risk-free overnight rate, whereas the relevant benchmark is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied for the immediately preceding Interest Period for which the benchmark was available. Any of the foregoing could have a material adverse effect on the value or liquidity of, and return on, any Notes linked to or referencing a "benchmark".

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021. The existing provisions of the Benchmarks Regulation were further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 published in the Official Journal of the European Union on 12 February 2021 (the "**Amending Regulation**") which applies since 13 February 2021. The Amending Regulation introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks by conferring the power to designate a statutory replacement for certain benchmarks on the European Commission, such replacement being limited to contracts and financial instruments. In addition, the transitional provisions applicable to third-country benchmarks are extended until the end of 2023. The European Commission is empowered to further extend this period until the end of 2025, if necessary. Such developments may create uncertainty regarding any future legislative or regulatory requirements arising from the implementation of delegated regulations. These provisions could have a significant negative impact on the value or liquidity of, and return on, certain Notes issued under the Programme linked to or referencing such benchmark.

Whilst alternatives to certain Interbank Offered Rates ("**IBORs**") for use in the bond market (including the Euro short term rate ("**€STR**"), the Sterling Overnight Index Average ("**SONIA**"), the Secured Overnight Financing Rate ("**SOFR**"), the Swiss Average Rate Overnight ("**SARON**"), the Tokyo Overnight Average ("**TONA**") and rates that may be derived from SONIA, €STR, SOFR, SARON or TONA, as applicable) are being developed, or are expected to be developed, Notes linked to or referencing an IBOR will only transition away from such IBOR in accordance with their particular fallback arrangements in their terms and conditions. The operation of any such fallback arrangements could result in a less favourable return for

Noteholders than they might receive under other similar securities which contain different or no fallback arrangements (including which they may otherwise receive in the event that legislative measures or other initiatives (if any) are introduced to transition from any given IBOR to an alternative rate).

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms, when making any investment decision with respect to the relevant Floating Rate Notes.

3.3.4 The market continues to develop in relation to risk free rates (including overnight rates) as reference rates for Floating Rate Notes

The market continues to develop in relation to risk free rates, such as the €STR, the SONIA, the SOFR, the SARON, the TONA and rates that may be derived from SONIA, €STR, SOFR, SARON or TONA, as applicable, as reference rates in the capital markets for euro, U.S. dollar, sterling, Swiss franc or Japanese yen bonds, as applicable, as well as their adoption as alternatives to the relevant interbank offered rates. The market or a significant part thereof may adopt an application of risk-free rates that differs significantly from that set out in the Terms and Conditions and used in relation to Floating Rate Notes that reference a risk-free rate issued under this Base Prospectus. The Issuer may in the future issue of notes referencing €STR, SONIA, SOFR, SARON, TONA or certain other swap rates relating to such risk-free rates in a way that differs materially in terms of interest determination when compared with any previous notes issued by the Issuer.

Such risk-free rates have a limited performance history and the future performance of such risk free rates is impossible to predict. As a consequence, no future performance of the relevant risk free rate or Notes referencing such risk-free rate may be inferred from any of the hypothetical or actual historical performance data. In addition, investors should be aware that risk-free rates may behave materially differently to interbank offered rates as interest reference rates. For example, since publication of SOFR began, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmarks or other market rates.

Interest is calculated on the basis of the compounded risk-free rate or an arithmetic average of the risk-free rate, using the relevant specific formula set out in the Terms and Conditions. In addition, market conventions for calculating the interest rate for notes referencing risk-free rates continue to develop and market participants and relevant working groups are exploring alternative reference rates based on risk-free rates. Accordingly, the specific formula for calculating the rate used in the Notes may not be widely adopted by other market participants, if at all.

The Issuer may in the future also issue Notes referencing risk-free rates that materially differ in terms of interest determination when compared with any previous Notes referencing risk-free rates issued by it. If the market adopts a different calculation method, that could adversely affect the market value of Notes. Interest on Notes which reference a risk-free rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference risk-free rates to reliably estimate the amount of interest which will be payable on such Notes.

Each risk-free rate is published and calculated by third parties based on data received from other sources and the Issuer has no control over their respective determinations, calculations or publications. There is a risk that the relevant risk-free rate will be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in Notes linked to or which reference such risk free rate (or that any applicable benchmark fallback provisions provided for in the Terms and Conditions will provide a rate which is not economically equivalent for Noteholders). If the manner in which the relevant risk-free rate is calculated is changed, that change may result in a reduction of the amount of interest payable on such Notes and the trading prices of such Notes.

The market or a significant part thereof may adopt an application of risk-free rates that differs significantly from that set out in the Terms and Conditions and used in relation to Notes.

Any mismatch between the adoption of such risk-free rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which investors may put in place in connection with any acquisition, holding or disposal of any Notes.

3.3.5 Fixed/Floating Rate Notes

Condition 5(e) (*Fixed/Floating Rate Notes*) may bear interest at a rate that will automatically, or that the Issuer may elect to, convert from a fixed rate to a floating rate, from a floating rate to a fixed rate. The spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate may at any time be lower than the rates on the Issuer's other outstanding Notes. If a floating rate is converted to a fixed rate, the fixed rate may be lower than then prevailing rates on the Issuer's other outstanding Notes. The conversion of the interest rate may affect the market yield of the Notes. Movements in the market spread could negatively affect the price of the Notes and could lead to losses for Noteholders.

3.3.6 Zero Coupon Notes and Notes issued at a substantial discount or premium

The Issuer may issue Zero Coupon Notes (as further described in Condition 5(d) (*Zero Coupon Notes*)) and Notes issued at a substantial discount or premium from their nominal amount. The market value of such Notes tends to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a negative effect on the value of the Notes.

3.3.7 Risks relating to Renminbi-denominated Notes

Notes denominated in Renminbi ("**Renminbi Notes**") contain particular risks for potential investors, including the following:

Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into and outside the PRC which may adversely affect the liquidity of Renminbi Notes

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar.

However, there has been significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

Subject to the prior receipt of all necessary governmental approvals, the relevant Issuer may remit the net proceeds from the offering of Renminbi Notes into the PRC. Such approvals may not be granted and, if granted, will not be revoked or amended in the future.

Remittance of Renminbi into and out of the PRC for the settlement of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are being adjusted from time to time to match the policies of the PRC Government.

In the event that the relevant Issuer decides to remit some or all of the proceeds into the PRC in Renminbi, its ability to do so will be subject to obtaining all necessary approvals from and registration with the relevant PRC government authorities. However, the necessary approvals from and registration with the relevant PRC government authorities may not be obtained at all or, if obtained, they will not be revoked or amended in the future.

Although the People's Bank of China ("**PBoC**") has implemented policies improving accessibility to Renminbi to settle cross-border transactions in the past, the PRC Government may not liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be

discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite the Renminbi internationalisation pilot programme and efforts in recent years to internationalise the currency, the PRC Government may not impose interim or long-term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside of the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Renminbi Notes.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of Renminbi Notes and the Issuer's ability to source Renminbi outside the PRC to service such Renminbi Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. The new PRC regulations may not be promulgated or current regulations (including but not limited to the settlement arrangements between the PBoC and certain financial institutions in respect of limited clearing or Renminbi outside of the PRC) may be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Renminbi Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its Renminbi Notes, the Issuer may not be able to source such Renminbi on satisfactory terms, if at all.

Investment in Renminbi Notes is subject to exchange rate risks

All payments of interest and principal will be made in Renminbi with respect to Renminbi Notes unless otherwise specified. The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. The PBoC has in recent years implemented changes to the way it calculates the Renminbi's daily mid-point against the U.S. dollar to take into account market-maker quotes. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of the Renminbi Notes in that foreign currency will decline.

Investment in Renminbi Notes is subject to currency risks

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on the Renminbi Notes as a result of Inconvertibility, Non-transferability or Illiquidity (each, as defined in the Conditions), the Issuer shall be entitled, on giving not less than five or more than 30 calendar days' irrevocable notice to the investors prior to the due date for payment, to settle any such payment in U.S. Dollars on the due date at the U.S. Dollar Equivalent (as defined in the Conditions) of any such interest or principal, as the case may be. Should the Issuer resort to using U.S. Dollars to respect its payment obligations under the RMB Notes, the relevant Noteholders may lose part of their investment when converting such currency back into Renminbi, depending on the prevailing exchange rate at that time.

Payments with respect to the Renminbi Notes may be made only in the manner designated in the Renminbi Notes

All payments to investors in respect of the Renminbi Notes will be made solely by transfer to a Renminbi bank account maintained in Hong Kong in accordance with the prevailing rules and regulations for such transfer and in accordance with the Conditions of the Renminbi Notes. The Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC). For persons holding Renminbi Notes through Euroclear France, Euroclear or Clearstream payments will also be made subject to the procedures of Euroclear France, Euroclear or Clearstream as applicable. If the custody and holding arrangements with respect to an investor's Renminbi Notes do not comply with the foregoing, such

investors will be may not receive timely payment under Renminbi Notes which would negatively affect such investors' return.

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the *PRC Enterprise Income Tax Law* and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of Renminbi Notes by non-PRC resident enterprise may be subject to PRC enterprise income tax ("**EIT**") if such gain is regarded as income derived from sources within the PRC. The *PRC Enterprise Income Tax Law* levies EIT at the rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident enterprise holder from the transfer of Renminbi Notes but its implementation rules have reduced the EIT rate to 10 per cent.

However, uncertainty remains as to whether the gain realised from the transfer of Renminbi Notes by non-PRC resident enterprise or individual holders would be treated as income derived from sources within the PRC and become subject to the EIT. This will depend on how the PRC tax authorities interpret, apply or enforce the *PRC Enterprise Income Tax Law* and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, Holders who are residents of Hong Kong, including enterprise holders and individual holders, will not be subject to EIT on capital gains derived from a sale or exchange of the Notes.

Therefore, if non-PRC enterprise or individual resident holders are required to pay PRC income tax on gains derived from the transfer of Renminbi Notes, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC enterprise resident holders of Renminbi Notes reside that reduces or exempts the relevant EIT, the value of their investment in Renminbi Notes may be materially and adversely affected.

 - (iii) Except as ordered by a court of competent jurisdiction or as required by law, the Holder of any Note (as defined below), Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the Holder.
 - (iv) In these Terms and Conditions, "**Holder**", "**Holder of Notes**" or "**Holder of any Note**", or "**Noteholder**" means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Bearer Note, Coupons ("**Couponholder**"), or Talon relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.
- (d) **Redenomination**
- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the Holder of any Note, Coupon or Talon, by giving at least 30 calendar days' notice in accordance with Condition 14 (*Notices*) and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the "**EC**"), as amended from time to time (the "**Treaty**")), or events have occurred which have substantially the same effects (in either case, "**EMU**"), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate nominal amount and the Specified Denomination(s), set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Terms and Conditions as the "**Redenomination Date**".
 - (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the nominal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the nominal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 14 (*Notices*). Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.  - (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.

- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 13 (*Further Issues and Consolidation*), without the consent of the Holder of any Note, Coupon or Talon, make any changes or additions to these Terms and Conditions or Condition 13 (*Further Issues and Consolidation*) (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such Holders. Any such changes or additions shall, in the absence of manifest error, be binding on the Holders of Notes, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 14 (*Notices*) as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the Holder of any Note, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

- Compounding with Lockout will be applicable if specified as such in the Final Terms, and if so, “**Lockout Period Business Day**” is as specified in the Final Terms and the “**Lockout**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “Lockout” for the relevant Floating Rate Option in the ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5).

For the purposes of this sub-paragraph (B), except as otherwise defined in such sub-paragraph, “**Calculation Agent**”, “**Compounding with Lockout**”, “**Compounding with Lookback**”, “**Compounding with Observation Period Shift**”, “**Delayed Payment**”, “**Designated Maturity**”, “**Effective Date**”, “**Floating Rate**”, “**Floating Rate Option**”, “**Floating Rate**”, “**Lockout Period Business Day**”, “**Lockout**”, “**Lookback**”, “**Observation Period Shift**”, “**OIS Compounding**”, “**Overnight Floating Rate Option**”, “**Period End Date**”, “**Set in Advance**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

In the applicable Final Terms, when the paragraph “Floating Rate Option” specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall, where the 2006 ISDA Definitions apply, be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate Option, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available of next shorter length before the length of the relevant Interest Period, and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available of next longer length after the length of the relevant Interest Period.

The provisions relating to “Linear Interpolation” set out in the 2021 ISDA Definitions shall apply to an ISDA Rate where “2021 ISDA Definitions Linear Interpolation” is specified as applicable in the applicable Final Terms. For such purpose, references to “Relevant Rate” under the 2021 ISDA Definitions shall be deemed to be references to the ISDA Rate

(C) Screen Rate Determination for Floating Rate Notes

(1) Interbank Offered Rates (IBOR)

(a) Where "Screen Rate Determination - IBOR" is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below or (if applicable) in Condition 5(c)(iii)(E) (*Benchmark discontinuation*) below, be either (as specified in the relevant Final Terms):

(1) the offered quotation; or

(2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either (i) 11.00 a.m., Brussels time, in the case of EURIBOR, Oslo time, in the case of NIBOR, Prague time, in the case of PRIBOR, Stockholm time, in the case of STIBOR, or Warsaw time, in the case of WIBOR or (ii) if otherwise, the Relevant Screen Page Time on the Interest Determination Date in question as determined by the Calculation Agent, plus or minus (as indicated in the relevant Final Terms) the Margin (if any). If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

(b) if the Relevant Screen Page is not available or, if sub-paragraph (C)(a)(1) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (C)(a)(2) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, (i) if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, if the Reference Rate is NIBOR, the principal Oslo office of each of the Reference Banks, if the Reference Rate is PRIBOR, the principal Prague office of each of the Reference Banks, if the Reference Rate is STIBOR, the principal Stockholm office of each of the Reference Banks, if the Reference Rate is WIBOR, the principal Warsaw office of each of the Reference Banks or (ii) if otherwise, each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), if the Reference Rate is NIBOR, at approximately 11.00 a.m. (Oslo time), if the Reference Rate is PRIBOR, at approximately 11.00 a.m. (Prague time), if the Reference Rate is STIBOR, at approximately 11.00 a.m. (Stockholm time), if the Reference Rate is WIBOR, at approximately 11.00 a.m. (Warsaw time) or, if otherwise, the Relevant Screen Page Time, on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent, plus or minus (as indicated in the relevant Final Terms) the Margin (if any); and

- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), if the Reference Rate is NIBOR, at approximately 11.00 a.m. (Oslo time), if the Reference Rate is PRIBOR, at approximately 11.00 a.m. (Prague time), if the Reference Rate is STIBOR, at approximately 11.00 a.m. (Stockholm time), if the Reference Rate is WIBOR, at approximately 11.00 a.m. (Warsaw time) or, if otherwise, the Relevant Screen Page Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Relevant Inter-Bank Market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), if the Reference Rate is NIBOR, at approximately 11.00 a.m. (Oslo time), if the Reference Rate is PRIBOR, at approximately 11.00 a.m. (Prague time), if the Reference Rate is STIBOR, at approximately 11.00 a.m. (Stockholm time), if the Reference Rate is WIBOR, at approximately 11.00 a.m. (Warsaw time) or, if otherwise, the Relevant Screen Page Time, on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the Relevant Inter-Bank Market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period), except that if (i) the Calculation Agent determines in good faith that the absence of quotation is due to the discontinuation of the Reference Rate (including the cessation of the publication of the Reference Rate or the cessation of the existence of the Reference Rate) or (ii) following the adoption of a decision to withdraw the authorisation or registration pursuant to Article 35 of the Benchmark Regulation of any benchmark administrator previously authorised to publish any Reference Rate under any applicable laws or regulations, then the Reference Rate will be determined in accordance with Condition 5(c)(iii)(E) below.

(2) SONIA

Where "Screen Rate Determination" is specified in the applicable Final Terms as the manner in which a Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being SONIA, such Rate of Interest for each Interest Accrual Period could be either SONIA Lookback Compound or SONIA Observation Shift Compound, as follows:

Where:

"SONIA-LOOKBACK-COMPOUND" means the rate of return of a daily compounded interest investment (it being understood that reference rate for the calculation of interest is the Sterling Overnight Index Average rate) and will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

$$\left(\prod_{i=1}^{d_0} \left(1 + \frac{\text{SONIA}_i \times n_i}{365} \right) - 1 \right) \times \frac{365}{d}$$

If, in respect of a relevant London Banking Day, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) determines that the SONIA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA shall be: (i) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA to the Bank Rate over the previous five (5) days on which a SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date

specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Notwithstanding the foregoing, if the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates.

In connection with the implementation of a Benchmark Replacement, the Calculation Agent will have the right to make Benchmark Replacement Conforming Changes from time to time.

Any determination, decision or election that may be made by the Calculation Agent pursuant to those provisions, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error, (ii) will be made in the Calculation Agent’s sole discretion, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent or approval from the holders of the Notes or any other party.

As used herein:

“**Benchmark**” means, initially, SOFR, as defined above provided that if the Calculation Agent determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR or the then-current Benchmark, then “**Benchmark**” means the applicable Benchmark Replacement;

“**Benchmark Replacement**” means the first alternative set forth in the order below that can be determined by the Calculation Agent as of the Benchmark Replacement Date:

- (1) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (b) the Benchmark Replacement Adjustment;

- (2) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment;
- (3) the sum of: (a) the alternate rate of interest that has been selected by the Calculation Agent as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (b) the Benchmark Replacement Adjustment;

“Benchmark Replacement Adjustment” means the first alternative set forth in the order below that can be determined by the Calculation Agent as of the Benchmark Replacement Date:

- (2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment;
- (3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Calculation Agent giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time;

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenor, and other administrative matters) that the Calculation Agent decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Calculation Agent determines is reasonably necessary);

“Benchmark Replacement Date” means the earliest to occur of the following events with respect to the then-current Benchmark:

- (1) in the case of clause (1) or (2) of the definition of “Benchmark Transition Event”, the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark

permanently or indefinitely ceases to provide the Benchmark;
or

- (2) in the case of clause (3) of the definition of “Benchmark Transition Event”, the date of the public statement or publication of information referenced therein;

For the avoidance of doubt, if the event that gives rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

“**Benchmark Transition Event**” means the occurrence of one or more of the following events with respect to the then-current Benchmark:

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that such administrator has ceased or will cease to provide the Benchmark, permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark, the central bank for the currency of the Benchmark, an insolvency official with jurisdiction over the administrator for the Benchmark, a resolution authority with jurisdiction over the administrator for the Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark; or
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative, that the Benchmark has been or will be prohibited from being used or that its use has been or will be subject to restrictions or adverse consequences, either generally or in respect of the Notes.

“**ISDA Definitions**” means the 2021 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, provided that if the Calculation Agent determines that it is appropriate, ISDA Definitions will mean any successor definitional booklet to the 2021 ISDA Definitions as supplemented from time to time for interest rate derivatives published from time to time all as determined as of the date of the relevant determination under this Condition;

“ISDA Fallback Adjustment” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of Benchmark Transition Event with respect to the Benchmark for the applicable tenor;

“ISDA Fallback Rate” means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of Benchmark Transition Event with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

“Reference Time” with respect to any determination of the Benchmark means (1) if the Benchmark is SOFR, the SOFR Determination Time, and (2) if the Benchmark is not SOFR, the time determined by the Calculation Agent after giving effect to the Benchmark Replacement Conforming Changes;

“Relevant Governmental Body” means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto;

If the Calculation Agent or another entity appointed by the Issuer (and acting as independent expert), failing which the Issuer, determines at any time prior to the SARON Reference Time on any Zurich Banking Day that a SARON Index Cessation Event and the related SARON Index Cessation Effective Date have occurred, the Calculation Agent or such other entity appointed by the Issuer, as applicable, shall determine the SARON Replacement Rate.

If the Issuer is notified by the Calculation Agent, or any another entity appointed by the Issuer (and acting as independent expert), that there is no Recommended SARON Replacement Rate and the SNB Policy Rate for any Zurich Banking Day with respect to which SARON is to be determined has not been published on such Zurich Banking Day (the “**Affected Zurich Banking Day**”), then the Issuer will appoint an agent (the “**Replacement Rate Determination Agent**”) on or prior to the first Zurich Banking Day in respect of which a SARON Index Cessation Event and related SARON Index Cessation Effective Date have occurred and for which the SNB Policy Rate has not been published.

The Replacement Rate Determination Agent will determine whether to use an alternative rate to SARON for the Affected Zurich Banking Day and for all subsequent Zurich Banking Days in the SARON Observation Period in which the Affected Zurich Banking Day falls (the “**Affected SARON Observation Period**”) and all SARON Observation Periods thereafter.

For the purposes of determining the Rate of Interest:

I. the Replacement Rate Determination Agent shall determine: (A) the method for determining the SARON Replacement Rate (including any alternative method for determining the SARON Replacement Rate if such alternative rate is unavailable on the relevant Interest Determination Date), which method shall be consistent with industry-accepted practices for the SARON Replacement Rate and (B) any adjustment factor as may be necessary to make the SARON Replacement Rate comparable to the then-current SARON Benchmark consistent with industry-accepted practices for the SARON Replacement Rate;

II. for the Affected Zurich Banking Day and all subsequent Zurich Banking Days in the Affected SARON Observation Period and all SARON Observation Periods thereafter, references to SARON in the Conditions shall be deemed to be references to the SARON Replacement Rate, including any alternative method for determining such rate and any adjustment factor as described in sub-clause I above;

III. the Replacement Rate Determination Agent may make SARON Replacement Conforming Changes with respect to the Notes from time to time;

IV. any determination, decision or election that may be made by the Replacement Rate Determination Agent pursuant to this Condition, including any SARON Replacement Conforming Changes or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, in each case, solely with respect to the relevant Notes, will be conclusive and binding absent manifest error and will be made by the Replacement Rate Determination Agent acting in good faith and a commercially reasonable manner;

V. to the extent that there is any inconsistency between this Condition and any other Conditions, this Condition shall prevail with respect to any Notes for which the Rate of Interest is calculated in accordance with this Condition;

VI. the Calculation Agent may determine that it is appropriate for a SARON Replacement Rate to replace the then-current SARON Benchmark and apply any SARON Replacement Conforming Changes in respect of any subsequent SARON Index Cessation Event; and

VII. where a SARON Index Cessation Event or details of it are announced prior to the relevant SARON Index Cessation Effective Date then the Replacement Rate Determination Agent may on or after such earlier announcement date give notice to Noteholders in accordance with Condition 14 of the relevant changes which will be made to the Notes, provided that, such changes will only take effect as of the SARON Index Cessation Effective Date.

Any determination, decision or election that may be made by the Calculation Agent, the Replacement Rate Determination Agent or another entity appointed by the Issuer (and acting as independent expert) pursuant to this Condition, as applicable, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection: (i) will be conclusive and binding absent manifest error; (ii) will be made in the sole discretion of the Calculation Agent, the Replacement Rate Determination Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), as applicable; and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

(a) the spread (which may be positive, negative or zero), formula or methodology for calculating such a spread, that the Recommending Body has recommended be applied to such Recommended SARON Replacement Rate in the case of fixed income securities with respect to which such Recommended SARON Replacement Rate has replaced the Swiss Average Rate Overnight as the reference rate for the purposes of determining the applicable rate of interest thereon; or

(b) if the Recommending Body has not recommended such a spread, formula or methodology as described in clause (a) above to be applied to such Recommended SARON Replacement Rate, for the purposes of determining SARON, the Calculation Agent will determine the spread, acting in good faith and in a commercially reasonable manner, to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Swiss Average Rate Overnight with such Recommended SARON Replacement Rate. The Calculation Agent will take into account industry-accepted practices for fixed income securities with respect to which such Recommended SARON Replacement Rate has replaced the Swiss Average Rate Overnight as the reference rate for the purposes of determining the applicable rate of interest thereon;

“Recommended SARON Replacement Rate” means the rate that has been recommended as the replacement for the Swiss Average Rate Overnight by any working group or committee in Switzerland organised in the same or a similar manner as the National Working Group on Swiss Franc Reference Rates that was founded in 2013 for the purposes of, among other things, considering proposals to reform reference interest rates in Switzerland (any such working group or committee, the **“Recommending Body”**);

“**SNB Adjustment Spread**” means, with respect to the SNB Policy Rate, the spread to be applied to the SNB Policy Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Swiss Average Rate Overnight with the SNB Policy Rate for the purposes of determining SARON, which spread will be determined by the Calculation Agent, acting in good faith and in a commercially reasonable manner, taking into account the historical median between the Swiss Average Rate Overnight and the SNB Policy Rate during the two year period ending on the date on which the SARON Index Cessation Event occurred (or, if more than one SARON Index Cessation Event has occurred, the date on which the first of such events occurred); and

“**Zurich Banking Day**” means any day (other than a Saturday and Sunday) on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in Zurich.

(D) Linear Interpolation

Where Linear Interpolation is specified in the relevant Final Terms in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant FBF Rate (if specified as applicable

in the relevant Final terms), the relevant Floating Rate Option (where ISDA Determination is specified in the relevant Final Terms) or the relevant Reference Rate (where Screen Rate Determination is specified in the relevant Final Terms), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

For the purposes of this sub-paragraph (D), "**Applicable Maturity**" means: (a) in relation to FBF Determination, the period of time specified in the relevant FBF Rate, (b) in relation to ISDA Determination, the Designated Maturity, and (c) in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(E) Benchmark discontinuation

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, if a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any remaining Rate of Interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and shall prevail over other fallbacks specified in Condition 5(c)(iii)(C) (*Screen Rate Determination for Floating Rate Notes*). For the avoidance of doubt, the following provisions shall not apply and shall not prevail over other fallbacks specified in Conditions 5(c)(iii)(A) (*FBF Determination for Floating Rate Notes*), 5(c)(iii)(B) (*ISDA Determination for Floating Rate Notes*) and shall not apply to SONIA, SOFR, €STR and SARON.

(a) Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(c)(iii)(E)(b) (*Successor Rate or Alternative Rate*) below) and, in either case, an Adjustment Spread, if any (in accordance with Condition 5(c)(iii)(E)(c) (*Adjustment Spread*) below) and any Benchmark Amendments, if any (in accordance with Condition 5(c)(iii)(E)(d) (*Benchmark Amendments*) below).

In making such determination, the Independent Adviser appointed pursuant to this Condition 5(c)(iii)(E) (*Benchmark discontinuation*) shall act in good faith and in a commercially reasonable manner as an expert and (in the absence of manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the relevant Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 5(c)(iii)(E) (*Benchmark discontinuation*).

(b) Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith that:

- (A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(E)(c) (*Adjustment Spread*)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(E) (*Benchmark discontinuation*)); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(E)(c) (*Adjustment Spread*)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(E) (*Benchmark discontinuation*)).

(c) Adjustment Spread

If the Independent Adviser, acting in good faith and in a commercially reasonable manner determines (A) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (B) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate(s) of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

The determination of any Adjustment Spread by the Independent Adviser shall not affect the application, with respect to a particular Interest Period, of the Margin specified as applicable to such Interest Period in the Final Terms.

(d) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(c)(iii)(E) (*Benchmark discontinuation*) and the Independent Adviser determines in good faith (A) that amendments to the Terms and Conditions (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days or Relevant Screen Page) are strictly necessary to ensure the proper operation of such Successor Rate, Alternative Rate or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (B) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(c)(iii)(E)(e) (*Benchmark Amendments*), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice.

The Benchmark Amendments referred to above, determined by the Independent Adviser as appropriate to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread, (i) shall only relate to the terms, notions and definitions used in this Condition 5 (*Interest and other Calculations*), to the exclusion of any commercial terms relating to the Issuer and reflected in other Conditions, and (ii) shall only be made, in accordance with customary

market usage in the international debt capital markets, to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders.

(e) Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 14 (*Notices*), the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and of the specific terms of any Benchmark Amendments, determined under this Condition 5(c)(iii)(E) (*Benchmark discontinuation*). Such notice shall be irrevocable and binding and shall specify the effective date of the Benchmark Amendments, if any.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice will (in the absence of manifest error) in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the benchmark Amendments (if any)) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the party responsible for determining the Rate of Interest, the Paying Agents and the Noteholders.

(f) Survival or Original Reference Rate

Without prejudice to the Issuer's obligations under the provisions of this Conditions 5(c)(iii)(E), the Original Reference Rate and the fallback provisions provided for in Condition 5(c)(iii) will continue to apply unless and until the party responsible for determining the Rate of Interest has been notified of the Successor Rate or the Alternative Rate (as the case may be), and of any Adjustment Spread and/or Benchmark Amendments.

(g) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Independent Adviser has been appointed or no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallbacks for the Original Reference Rate specified in Condition 5(c)(iii)(C), namely the Rate of Interest determined on the last preceding Interest Determination Date will continue to apply to such determination (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(c)(iii)(E) (*Benchmark discontinuation*), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 5(c)(iii)(E) (*Benchmark discontinuation*) (and,

until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the fallbacks specified in Condition 5(c)(iii)(E) (*Benchmark discontinuation*), will continue to apply in accordance with their terms. This may result in the Rate of Interest determined as at the last preceding Interest Determination Date being the Rate of Interest for the Interest Period in question.

(h) Definitions

In this Condition 5(c)(iii)(E) (*Benchmark discontinuation*) :

"Adjustment Spread" means either a spread (which may be positive or negative), or a formula or methodology for calculating a spread, in either case, which the Independent Adviser determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

a) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body or (if no such recommendation has been made, or in the case of an Alternative Rate);

c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued; or

e) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six (6) months; or

- (d) **Zero Coupon Notes:** The Final Terms will specify the accrual yield (the **"Accrual Yield"**), the reference price (the **"Reference Price"**) and the Day Count Fraction in relation to Early Redemption Amounts and late payment (pursuant to the provisions of Conditions 5(j) (*Early Redemption Amounts*) and 5(k) (*Late Payment on Zero Coupon Notes*)).

Where a Zero Coupon Note is redeemed or becomes due and repayable, the amount due and repayable (the **"Amortised Face Amount"**) shall be an amount equal to the sum of:

(A) the Reference Price; and

(B) the product of the Accrual Yield specified in the Final Terms (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable.

Where more than one Calculation Agent is appointed in respect of the Notes, references in these Terms and Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Terms and Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. - (ii) Final Redemption Amount: a fixed amount per Specified Denomination or Calculation Amount.

- (b) **Make-Whole Call Option:** If a Make-Whole Call Option is specified as applicable in the relevant Final Terms, in respect of any issue of Notes, the Issuer may, at its option, at any time (the "**Make-Whole Redemption Date**") and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the relevant Final Terms) to the Noteholders, and the Fiscal Agent in accordance with Condition 14 (*Notices*) redeem the outstanding Notes, in whole or in part, at their Make-Whole Redemption Amount as defined below.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice (i.e. the Make-Whole Redemption Date) in accordance with this Condition.

- (c) **Redemption at the Option of the Issuer:** If a Redemption at the Option of the Issuer is specified as applicable in the Final Terms, the Issuer may, at its option, on any Optional Redemption Date and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the Final Terms) to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 14 (*Notices*), redeem the outstanding Notes, in whole or in part, at their Optional Redemption Amount, as provided in Condition 6(i) (*Optional Redemption Amount*) together, if appropriate, with accrued interest to (but excluding) the relevant Optional Redemption Date. Any such redemption must relate to Notes of a nominal amount not less than the Minimum Redemption Amount and nor more than the Maximum Redemption Amount, both as specified in the relevant Final Terms. All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

Any notice given by the Issuer pursuant to this Condition shall be void and of no effect in relation to that Note if, prior to the giving of such notice by the Issuer, the Holder of such Note had already delivered a Put Notice in relation to that Note in accordance with Condition 6(e) (*Redemption at the Option of Noteholders*).

In the case of a partial redemption in respect of Materialised Notes, the notice to Holders of such Materialised Notes and the Coupons shall also contain the number of the Definitive Materialised Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market or other stock exchange requirements.

In the case of a partial redemption in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, by application of a pool factor (corresponding to a reduction of the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed).

So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulation (*Règlement Général*) of the *Autorité des marchés financiers* and on the website of any other competent authority and/or Regulated Market on which the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (d) **Residual Maturity Call Option:** If a Residual Maturity Call Option is specified as applicable in the relevant Final Terms, the Issuer may, at its option, at any time during the period starting on (and including) the Optional Redemption Date specified in the relevant Final Terms and ending on (but excluding) the Maturity Date, and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the

relevant Final Terms) to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 14 (*Notices*) redeem the outstanding Notes, in whole but not in part, at their Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the date fixed for redemption. All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

- (e) **Redemption at the Option of Noteholders:** If a Redemption at the Option of the Noteholders is specified as applicable in the Final Terms, the Noteholders may at their option, on the relevant Optional Redemption Date, having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the Final Terms), to the Issuer in accordance with Condition 14 (*Notices*), require the redemption of such Notes.

Upon the expiry of such notice, the Issuer will redeem, in whole but not in part, such Notes on the Optional Redemption Date at their Optional Redemption Amount, as provided in Condition 6(i) (*Optional Redemption Amount*) together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date (as specified in the relevant Final Terms).

Before the exercise of a Redemption at the Option of the Noteholders with respect to Notes certain conditions and/or circumstances will need to be satisfied. To exercise such option the Noteholder must deposit with any Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the "**Put Notice**") in the form obtained from any Paying Agent or the Registration Agent, as the case may be, within the notice period.

In the case of Materialised Notes, the Put Notice shall have attached to it such Note(s) (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent specified in the Put Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

If the Note is a Materialised Note and is held through a Clearing System, to exercise the right to require redemption of the Note, the Noteholder must, within the notice period, give notice to the Fiscal Agent of such exercise in accordance with the standard procedures of the Clearing System (which may include notice being given on his instruction by such Clearing System or any common depositary for them to the Fiscal Agent by electronic means) in a form acceptable to such Clearing System from time to time and, if such Note is represented by a Temporary Global Certificate (as prescribed in the Agency Agreement), at the same time present or procure the presentation of such Temporary Global Certificate to the Fiscal Agent for notation accordingly.

Notwithstanding the foregoing, the right to require redemption of such Notes in accordance with this Condition must be exercised in accordance with the rules and procedures of the Clearing System and if there is any inconsistency between the above and the rules and procedures of the relevant Clearing System, then the rules and procedures of the relevant Clearing System shall prevail.

For the purposes of this Condition, "**Clearing System**" shall mean Euroclear France, Euroclear, Clearstream and/or any other clearing system or institution through which the Notes are held for the time being and such shall include (where appropriate) any relevant central securities depository relating thereto.

Any Put Notice given by a Noteholder pursuant to this paragraph shall be:

- (A) irrevocable except where prior to the Optional Redemption Date an Event of Default (if any) has occurred and is continuing in which event such Holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead

to declare such Note forthwith due and payable pursuant to Condition 9 (*Events of Default*); and

- (B) void and of no effect in relation to such Note if, prior to the giving of such Put Notice by the relevant Noteholder: (i) the Issuer had notified the Noteholders and the Couponholders of its intention to effect a partial redemption of the Notes in a Series and such Note had been selected for redemption (including, without limitation, pursuant to the partial reduction in the nominal amount of all Notes in a Series or the redemption in full of some only of the Notes in a Series), or (ii) the Issuer had notified the Noteholders of its intention to redeem all of the Notes in a Series then outstanding, in each case pursuant to Condition 6(b) (*Make-Whole Call Option*), Condition 6(c) (*Redemption at the Option of the Issuer*), Condition 6(d), (*Residual Maturity Call Option*) or Condition 6(f) (*Clean Up Call Option*).
- (f) **Clean-Up Call Option:** If a Clean-Up Call Option is specified as applicable in the relevant Final Terms and if at least 75 per cent. or any higher percentage specified in the Final Terms (the “**Clean-up Percentage**”) of the initial aggregate nominal amount of the Notes of the same Series (which for the avoidance of doubt includes, any additional Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Notes) have been redeemed or purchased by, or on behalf of, the Issuer or any of its subsidiaries and, in each case, cancelled, the Issuer may at any time, at its option and having given not less than fifteen (15) nor more than thirty (30) calendar days’ prior irrevocable notice (or such other notice period as may be specified in the Final Terms), to the Issuer in accordance with Condition 14 (*Notices*) to the Fiscal Agent, the Noteholders and the Couponholders redeem the outstanding Notes, in whole but not in part, at their Optional Redemption Amount, as provided in Condition 5(i) (*Optional Redemption Amount*) together, if appropriate, with any interest accrued to (but excluding) the date fixed for redemption).

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(g) **Redemption for Taxation Reasons**

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the date on which agreement is reached to issue the first Tranche of the Notes, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 8(b) (*Additional Amounts*) below, the Issuer may, at its option, on any Interest Payment Date (if this Note is not a Floating Rate Note) or, at any time (if this Note is not a Floating Rate Note), subject to having given not more than sixty (60) nor less than thirty (30) calendar days’ prior irrevocable notice to the Noteholders and the Couponholders, in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the outstanding Notes at their Early Redemption Amount together, if appropriate, with any interest accrued to (but excluding) the date fixed for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8(b) (*Additional Amounts*) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven (7) calendar days’ prior irrevocable notice to the

Noteholders and the Couponholders in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the outstanding Notes at their Early Redemption Amount together, if appropriate, with any interest accrued to (but excluding) the date fixed for redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders and the Couponholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) fourteen (14) calendar days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Coupons or, if that date is passed, as soon as practicable thereafter.

- (h) **Illegality:** If, by reason of any change in French law, or any change in the official application of such law, becoming effective after the date on which agreement is reached to issue the first Tranche of the Notes, it will become unlawful for the Issuer to perform or comply with any of its obligations under the Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' prior irrevocable notice to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the outstanding Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

(i) **Optional Redemption Amount**

For the purposes of

- Condition 6(c) (*Redemption at the Option of the Issuer*),
- Condition 6(d) (*Residual Maturity Call Option*), and/or
- Condition 6(f) (*Clean-Up Call Option*), the Notes will be redeemed on any date or dates as specified in the Final Terms (the “**Optional Redemption Date(s)**”) or on the date specified in the relevant notice, and at the amount (the “**Optional Redemption Amount**”) calculated as follows:

(i) in the case of Notes (other than Zero Coupon Notes) at the amount specified in, or determined in the manner specified in, the Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or

(ii) in the case of Zero Coupon Notes, at the Amortised Face Amount.

Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of the Day Count Fraction, if applicable, specified in the Final Terms.

(j) **Early Redemption Amount**

For the purposes of:

- Condition 6(g) (*Redemption for Taxation Reasons*),
- Condition 6(h) (*Illegality*),
- Condition 9 (*Events of Default*), as the case may be, the Notes will be redeemed on the date specified in the relevant notice (it being understood that such date shall be an Interest Payment Date, in the case of Floating Rate Notes) at the amount (the “**Early Redemption Amount**”) calculated as follows:

(i) in the case of Notes (other than Zero Coupon Notes), at the amount specified in, or determined in the manner specified in, the Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or

(ii) in the case of Zero Coupon Notes, at the Amortised Face Amount.

Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of the Day Count Fraction, if applicable, specified in the Final Terms.

(k) **Late Payment on Zero Coupon Notes**

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note, pursuant to this Condition or upon its becoming due and repayable as provided in Condition 9 (*Events of default*), as the case may be, is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 3(d) (*Zero Coupon Notes*) up to (but excluding) the date on which all amounts due in respect of such Note have been paid.

(l) **Purchases:** The Issuer or any agent on its behalf, shall have the right at all times to purchase Notes in the open market or otherwise (at any price, subject to the applicable laws and/or regulations. (m) **Cancellation:** All Notes redeemed or purchased for cancellation by or on behalf of the Issuer shall be cancelled forthwith, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering to the Fiscal Agent the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Coupons and all unexchanged Talons and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

7. **Payments and Talons**

(a) **Dematerialised Notes:** Payments of principal and interest in respect of Dematerialised Notes shall (in the case of Dematerialised Notes in bearer dematerialised form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, (in the case of Dematerialised Notes in fully registered form), to an account denominated in the relevant currency with a Bank (as defined below) designated by the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.

(b) **Materialised Bearer Notes:** Payments of principal and interest in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender during usual business hours of the relevant Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(v)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or,

at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank.

"**Bank**" means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to T2.

- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain:

 - (iii) a Redenomination Agent and a Consolidation Agent where the Terms and Conditions so require;

 - (v) in the case of Dematerialised Notes, in fully registered form, a Registration Agent; and
 - (vi) such other agents as may be required by any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) (*Redenomination*) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 13 (*Further Issues and Consolidation*), the Issuer shall ensure that the same entity shall

be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders and the Couponholders in accordance with Condition 14 (*Notices*).

(f) **Unmatured Coupons and unexchanged Talons**

- (i) Upon the due date for redemption, Materialised Bearer Notes which comprise Fixed Rate Notes, they should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10 (*Prescription*)).
 - (ii) Upon the due date for redemption of any such Materialised Bearer Note comprising a Floating Rate Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexpired Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
 - (iv) Where any Materialised Bearer Note that provides that the relative unexpired Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unexpired Coupons, and where any Bearer Note is presented for redemption without any unexpired Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
 - (v) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.
- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10 (*Prescription*)), provided that, in respect of Notes listed and admitted to trading on Euronext Paris, such exchange shall always take place at the specified office of the Fiscal Agent or of the Paying Agent, as a case may be, in Paris.
- (h) **Non-Business Days:** If any date for payment in respect of any Note, Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which

Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as "**Financial Centres**" in the relevant Final Terms and (B) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a T2 Business Day.

- (i) **Payment of U.S. Dollar Equivalent:** Notwithstanding any other provision in these Terms and Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs and, as such, the Issuer is not able or it would be impracticable for it, after confirmation of such unavailability by a Renminbi Dealer, to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five (5) nor more than thirty (30) calendar days irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in U.S. dollars on the due date at the U.S. Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the U.S. Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the U.S. Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 9 (*Events of Default*).

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7(i) by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

These provisions may be supplemented in the relevant Final Terms.

8. **Taxation**

- (a) **Withholding Tax:** All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes and/or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.
- (b) **Additional Amounts:** If French law should require that payments of principal, interest and other revenues in respect of any Note or Coupon be subject to deduction or withholding in respect of any present or future taxes, duties whatsoever or any other governmental charges of whatever nature, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon, as the case may be:
- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder or, if applicable, a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note or Coupon;
or

- (ii) **Presentation more than thirty (30) calendar days after the Relevant Date:** in the case of Materialised Notes, more than thirty (30) calendar days after the Relevant Date except to the extent that the Noteholder or, if applicable, a Couponholder, as the case may be, would have been entitled to such additional amounts on presenting it for payment on the thirtieth (30th) such day; or
- (iii) **Non-cooperative State or territory:** when such withholding or deduction is required to be made by reason of that interest or Coupon being (x) paid to an account held in, or (y) paid or accrued to a person established or domiciled in, a non-cooperative State or territory (*Etat ou territoire non coopératif*) as defined in Article 238-0 A of the French *Code général des impôts* (other than those mentioned in Article 238-0 A, 2 *bis*, 2° of the same code) for the purposes of Articles 125 A III, and 119 *bis*, 2 of the same code, and as defined in Article 238-0 A of the French *Code général des impôts* (including those mentioned in Article 238-0 A, 2 *bis*, 2° of the same code) for the purposes of Article 238 A of the same code.

As used in these Terms and Conditions, "**Relevant Date**" in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven calendar days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note or Coupon being made in accordance with the Terms and Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

References in these Terms and Conditions to (i) "**principal**" shall be deemed to include any premium payable in respect of the Notes, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 (*Redemption, Purchase and Cancellation*) or any amendment or supplement to it, (ii) "**interest**" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 (*Interest and other Calculations*) or any amendment or supplement to it and (iii) "**principal**" and/or "**interest**" shall be deemed to include any additional amounts that may be payable under this Condition.

9. Events of Default

The Representative of the *Masse* (as defined in Condition 11 (*Meeting and voting provisions*)) upon written request of any Noteholder may, or if the relevant Final Terms specify "No Masse", any Noteholder may give written notice to the Issuer that the Notes held by such Noteholder are and they shall accordingly forthwith become immediately due and repayable at their Early Redemption Amount, together with, if appropriate and subject as otherwise provided herein, interest accrued to the date of repayment, upon the occurrence of any of the following events (each an "**Event of Default**"):

- (iii) a judgment is issued for judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole of the Issuer's business (*cession totale de l'entreprise à la suite d'un plan de cession*), or the Issuer is subject to any similar insolvency or bankruptcy proceedings whatsoever, or in the absence of legal

proceedings the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors.

10. **Prescription**

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in case of interest) from the appropriate Relevant Date in respect of them.

(ii) Convening of a General Meetings

A General Meeting may be held at any time, on convocation by the Issuer. One or more Noteholders, holding together at least one tenth (10 per cent.) of the principal amount of the Notes outstanding, may address to the Issuer a demand for convocation of the General Meeting. If such General Meeting has not been convened within seven (7) calendar days after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting and determine its agenda.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 14 (*Notices*) not less than fifteen (15) days prior to the date of such General Meeting. Each Noteholder has the right to participate in a General Meeting in person, by proxy, by correspondence or by videoconference or by any other means of telecommunication allowing the identification of participating Noteholders.

(iii) Arrangements for Voting

Each Noteholder has the right to participate in a General Meeting in person, by proxy or, in the case of Dematerialised Notes only, by correspondence or by videoconference or by any other means of telecommunication allowing the identification of participating Noteholders as provided *mutatis mutandis* by Article R.225-97 of the French *Code de commerce* (upon referral of Article R.228-68 of the French *Code de commerce*).

Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

In accordance with Article R.228-71 of the French *Code de commerce*, the right of each holder of a Dematerialised Note to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting.

(iii) Powers of the General Meetings

The General Meeting may act with respect to any matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes.

For the avoidance of doubt, each Noteholder is entitled to bring a legal action against the Issuer for the defence of its own interests; such a legal action does not require the authorisation of the General Meeting.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) of the Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least one fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a simple majority of votes cast by Noteholders attending such General Meetings or represented thereat.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 14 (*Notices*).

(v) Chairman

The Noteholders present at a General Meeting shall choose one of their member to be chairman (the “**Chairman**”) by a simple majority of votes present or represented at such General Meeting (notwithstanding the absence of a quorum at the time of such vote). If the Noteholders fail to designate a Chairman, the Noteholder holding or representing the highest number of Notes and present at such meeting shall be appointed Chairman, failing which the Issuer may appoint a Chairman. The Chairman of an adjourned meeting need not be the same person as the Chairman of the original meeting from which the adjournment took place.

(vi) Quorum, Adjournment and Voting

The quorum at any meeting for passing a Resolution shall be one or more Noteholders present and holding or representing in the aggregate not less than twenty (20) per cent. in nominal amount of the Notes for the time being outstanding.

If within 15 minutes (or such longer period not exceeding 30 minutes as the Chairman may decide) after the time appointed for any meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting shall if convened by Noteholders be dissolved. In any other case, it shall be adjourned for a period being not less than ten (10) calendar days nor more than fifteen (15) calendar days and at a place appointed by the Chairman and approved by the Fiscal Agent. If within 15 minutes (or a longer period not exceeding 30 minutes as the Chairman may decide) after the time appointed for any adjourned meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the Chairman may either dissolve the meeting or adjourn it for a period, being not less than ten (10) calendar days (but without any maximum number of calendar days) and to a place as may be appointed by the Chairman (either at or after the adjourned meeting) and approved by the Fiscal Agent, and the provisions of this sentence shall apply to all further adjourned meetings.

At any adjourned meeting one or more Noteholders present (whatever the nominal amount of the Notes so held or represented by them) shall (subject as provided below) form a quorum and shall (subject as provided below) have power to pass any Resolution and to decide upon all matters which could properly have been dealt with at the meeting from which the adjournment took place had the required quorum been present.

Notice of any adjourned meeting shall be given in accordance with Condition 14 (*Notices*) but not less than five (5) calendar days prior to the date of a General Meeting.

Decisions at meetings shall be taken by a majority of the votes cast by Noteholders attending or represented at such General Meetings for the approval of a Resolution.

- (A) Pursuant to Article L. 228-46-1 of the French *Code de commerce*, in respect of any Series of Dematerialised Notes only, the Issuer shall be entitled, in lieu of convening a General Meeting, to seek approval of a resolution from the Noteholders by way of a Written Resolution. Subject to the following sentence a Written Resolution may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders. Pursuant to Articles L. 228-46-1 and R. 225-97 of the French *Code de commerce* approval of a Written Resolution may also be given by way of electronic communication allowing the identification of Noteholders (“**Electronic Consent**”).
- (B) Notice seeking the approval of a Written Resolution (including by way of Electronic Consent) will be published as provided under Condition 14 (*Notices*) not less than 15 days prior to the date fixed for the passing of such Written Resolution (the “**Written Resolution Date**”). Notices seeking the approval of a Written Resolution will contain the conditions of form and time-limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Written Resolution. Noteholders expressing their approval or rejection before the Written Resolution Date will undertake not to dispose of their Notes until after the Written Resolution Date.

(viii) Effect of Resolutions

A Resolution passed at a General Meeting, and a Written Resolution or an Electronic Consent, shall be binding on all Noteholders, whether or not present at the General Meeting and whether or not, in the case of a Written Resolution or an Electronic Consent, they have participated in such Written Resolution or Electronic Consent and each of them shall be bound to give effect to the Resolution accordingly.

(ix) Information to Noteholders

Each Noteholder will have the right, during the 15-day period preceding the holding of each General Meeting and Written Resolution Date, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting or the Written Resolution.

14. Notices

- (a) Notices to the Holders of Dematerialised Notes in registered form (*au nominatif*) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) at the option of the Issuer, they are published (a) so long as such Notes are listed and admitted to trading on Euronext Paris, (x) in a leading daily newspaper of general circulation in France (which is expected to be *Les Echos*), or (y) in a leading daily newspaper of general circulation in Europe or (z) in accordance with Articles 221-3 and 221-4 of the General Regulation (*Règlement Général*) of the *Autorité des marchés financiers* and (b) so long as such Notes are listed and admitted to trading on any Regulated Market and, to the extent applicable, laws or regulations or the rules of such Regulated Market so require (x) in a leading daily newspaper with general circulation in the city where the Regulated Market on which such Notes are listed and admitted to trading is located and/or (y) on the website of any other competent authority or Regulated Market of the EEA Member State where the Notes are listed and admitted to trading.
- (b) Notices to the Holders of Materialised Bearer Notes and Dematerialised Notes in bearer form shall be valid if published (i) so long as such Notes are listed and admitted to trading on Euronext Paris, (a) in a leading daily newspaper of general circulation in France (which is expected to be *Les Echos*), or (b) in a leading daily newspaper of general circulation in Europe or (c) in accordance with Articles 221-3 and 221-4 of the General Regulation (*Règlement Général*) of the *Autorité des marchés financiers* and (ii) so long as such Notes are listed and admitted to trading on any Regulated Market and, to the extent applicable, laws or regulations or the rules of such Regulated Market so require (a) in a leading daily newspaper with general circulation in the city where the Regulated Market on which such Notes are listed and admitted to trading is located and/or (b) on the website of any other competent authority or Regulated Market of the EEA Member State where the Notes are listed and admitted to trading.
- (c) If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Holders of Materialised Bearer Notes in accordance with this Condition.
- (d) Notices required to be given to the Holders of Dematerialised Notes (whether in registered or in bearer form) pursuant to these Terms and Conditions may be given by:
- (i) delivery of the relevant notice to Euroclear France, Euroclear, Clearstream and any other clearing system through which the Notes are for the time being cleared; or
 - (ii) by publication on the Issuer's website (<https://www.aldautomotive.com/>),

in each case, in substitution for the mailing and publication as required by Conditions 14(a), (b) and (c) above.

15. **Acknowledgement of Bail-In and Write-Down or Conversion Powers**

By the acquisition of Notes, each Noteholder (which, for the purposes of this Condition 15, includes any current or future holder of a beneficial interest in the Notes) acknowledges, accepts, consents and agrees:

- (a) to be bound by the effect of the exercise of the Bail-in Power (as defined below) by the Relevant Resolution Authority (as defined below), which may include and result in any of the following, or some combination thereof:
 - (i) the reduction of all, or a portion, of the Amounts Due (as defined below), including on a permanent basis;
 - (ii) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to the Noteholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of the Notes, in which case the Noteholder agrees to accept in lieu of its rights under the Notes any such shares, other securities or other obligations of the Issuer or another person;
 - (iii) the cancellation of the Notes; and/or
 - (iv) the amendment or alteration of the maturity of the Notes or amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period;
- (b) that the terms of the Notes are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in Power by the Relevant Resolution Authority.

For these purposes, the “**Amounts Due**” are the prevailing outstanding amount of the Notes, and any accrued and unpaid interest on the Notes that has not been previously cancelled or otherwise is no longer due.

For these purposes, the “**Bail-in Power**” is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of the Directive 2014/59/EU of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms of 15 May 2014 and published in the Official Journal of the European Union on 12 June 2014 as amended, supplemented or replaced from time to time (including by Directive (EU) 2019/879 dated 20 May 2019 (the “**BRRD II**”)) (the “**BRRD**”), including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time, the “**20 August 2015 Decree Law**”), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, the “**SRM Regulation**”), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in power following placement in resolution or otherwise.

A reference to a “**Regulated Entity**” is to any entity referred to in Section I of Article L.613-34 of the Code as modified by the 20 August 2015 Decree Law, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

A reference to the “**Relevant Resolution Authority**” is to the *Autorité de contrôle prudentiel et de résolution* (the “**ACPR**”), the Single Resolution Board established pursuant to the SRM Regulation, and/or any other authority entitled to exercise or participate in the exercise of any Bail-in Power from time to time (including the Council of the European Union and the European Commission when acting pursuant to Article 18 of the SRM Regulation).

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in Power by the Relevant Resolution Authority with respect to the Issuer unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations in effect in France and the European Union applicable to the Issuer or other members of its group.

Upon the exercise of any Bail-in Power by the Relevant Resolution Authority with respect to the Notes, the Issuer will provide a written notice to the Noteholders in accordance with Condition 14 as soon as practicable regarding such exercise of the Bail-in Power. The Issuer will also deliver a copy of such notice to the Fiscal Agent for informational purposes, although the Fiscal Agent shall not be required to send such notice to Noteholders. Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the Bail-in Power nor the effects on the Notes described above.

Neither a cancellation of the Notes, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or another person, as a result of the exercise of the Bail-in Power by the Relevant Resolution Authority with respect to the Issuer, nor the exercise of any Bail-in Power by the Relevant Resolution Authority with respect to the Notes will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle the Noteholder to any remedies (including equitable remedies) which are hereby expressly waived.

Upon the exercise of any Bail-in Power by the Relevant Resolution Authority, the Issuer and each Noteholder (including each holder of a beneficial interest in the Notes) hereby agree that (a) the Fiscal Agent shall not be required to take any directions from Noteholders, and (b) the Agency Agreement shall impose no duties upon the Fiscal Agent whatsoever, in each case with respect to the exercise of any Bail-in Power by the Relevant Resolution Authority.

Notwithstanding the foregoing, if, following the completion of the exercise of the Bail-In Power by the Relevant Resolution Authority, any Notes remain outstanding (for example, if the exercise of the Bail-In Power results in only a partial write-down of the principal of the Notes), then the Fiscal Agent’s duties under the Agency Agreement shall remain applicable with respect to the Notes following such completion to the extent that the Issuer and the Fiscal Agent shall agree pursuant to an amendment to the Agency Agreement.

If the Relevant Resolution Authority exercises the Bail-in Power with respect to less than the total Amounts Due, unless the Fiscal Agent is otherwise instructed by the Issuer or the Relevant Resolution Authority, any cancellation, write-off or conversion made in respect of the Notes pursuant to the Bail-in Power will be made on a pro-rata basis.

The matters set forth in this Condition 15 shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Issuer and any holder of a Note.

No expenses necessary for the procedures under this Condition 15, including, but not limited to, those incurred by the Issuer and the Fiscal Agent, shall be borne by any Noteholder.

16. **Governing Law and Jurisdiction**

- (a) **Governing Law:** The Notes (and, where applicable, the Coupons and the Talons) and any non-contractual obligations arising out of or in connection with the Notes (and, where applicable, the Coupons and the Talons) are governed by, and shall be construed in accordance with, French law.
- (b) **Jurisdiction:** Any claim against the Issuer in connection with any Notes, Coupons or Talons and any non-contractual obligations arising out of or in connection with the Notes (and where applicable, the Coupons and the Talons) may be brought before any competent court of the jurisdiction of the Paris Court of Appeal.

TEMPORARY GLOBAL CERTIFICATES ISSUED IN RESPECT OF MATERIALIZED BEARER NOTES

Temporary Global Certificates

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Bearer Notes. Upon the initial deposit of such Temporary Global Certificate with a common depositary for Euroclear and Clearstream (the "**Common Depositary**"), Euroclear or Clearstream will credit the accounts of each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depositary may also credit with a nominal amount of Notes the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems. Conversely, a nominal amount of Notes that is initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicates that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see "General Description of the Programme — Selling Restrictions"), in whole, but not in part, for the Definitive Materialised Bearer Notes; and
- (ii) otherwise, in whole but not in part upon certification as to non-U.S. beneficial ownership (a form of which shall be available at the specified offices of any of the Paying Agents) for Definitive Materialised Bearer Notes.

Delivery of Definitive Materialised Bearer Notes

On or after its Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to or to the order of the Fiscal Agent. In exchange for any Temporary Global Certificate, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Bearer Notes. The Framework describes, in addition to the eligibility criteria, the management of proceeds, the reporting and the external reviews (second party opinion and verification) applicable for the relevant Notes. The Issuer will publish, on an annual basis and until the maturity of the Green and Positive Impact Notes, a reporting on the allocation of the net proceeds and expected positive impact of the Eligible vehicles. The Issuer will also make public an assurance report provided by its external auditors or any other appointed independent third party.

Neither the Second Party Opinion nor the Framework is incorporated in, and they do not form part of, this Base Prospectus.

Prior to any investment in Notes in which the net proceeds are to be used to finance investments in Eligible vehicles, as further specified in the applicable Final Terms, investors are advised to consult the Framework for further information.

GOVERNMENTAL SUPERVISION AND REGULATION OF THE ISSUER

Words and expressions defined in section headed "Terms and Conditions of the Notes" shall have the same meanings in this section.

Following the acquisition of LeasePlan, ALD became a regulated entity with the status of financial holding company (*compagnie financière holding*). As such, the Group shall endeavour to comply with all legal obligations associated with this status. From a prudential point of view, ALD has also become a "significant" financial institution, which implies that it will be directly supervised by the European Central Bank ("**ECB**"), but also by the ACPR, in their respective areas of competence. ALD will be the sole bond issuer within the Group going forward and will only issue senior preferred debt under its Programme.

The French Banking System

The French banking system consists primarily of privately-owned banks and other financial institutions such as financial holding companies (*compagnies financières holding*) such as the Issuer, as well as certain state-owned banks and financial institutions, all of which are subject to a common body of banking laws and regulations.

French Consultative and Supervisory Bodies

The French Monetary and Financial Code ("*Code monétaire et financier*") sets forth the conditions under which credit institutions and other financial institutions including financial holding companies (*compagnies financières holding*) such as the Issuer, may operate. The *Code monétaire et financier* vests related supervisory and regulatory powers in certain administrative authorities.

The Financial Sector Consultative Committee (*Comité consultatif du secteur financier*) is made up of representatives of financial institutions (such as credit institutions, electronic money institutions, payment institutions, investment firms, insurance companies and insurance brokers) and client representatives. This committee is a consultative organization that studies the relations between financial institutions and their respective clientele and proposes appropriate measures in this area.

The Consultative Committee on Financial Legislation and Regulations (*Comité consultatif de la législation et de la réglementation financières*) reviews, at the request of the French Minister of the Economy, any draft bills or regulations, as well as any draft European directives or regulations relating to the insurance, banking, electronic money, payment services and investment services industry other than those draft regulations relating to, or falling within the jurisdiction of, the AMF.

The High Council for Financial Stability (*Haut Conseil de stabilité financière*) (the "**HCSF**") is the French macroprudential authority tasked with supervising the financial system as a whole, with the aim of safeguarding its stability and ensuring a sustainable contribution of the financial sector to economic growth. Its mission is to help to mitigate and prevent systemic risks. The HCSF's action is part of a broader European framework. Its decisions are taken in collaboration with the European Commission, the ECB, the European Systemic Risk Board (the "**ESRB**"), the European Banking Authority (the "**EBA**"), and the macroprudential authorities of the other European Union Member States.

Pursuant to European Union regulations establishing a single supervisory mechanism for the Eurozone and opt-in countries the ECB became the supervisory authority for large European credit institutions and banking groups. This supervision is carried out in France in close cooperation with the ACPR (in particular with respect to reporting collection and on-site inspections).

The ECB is exclusively responsible for prudential supervision, which includes, *inter alia*, the power to: (a) authorize and withdraw authorization; (b) assess acquisition and disposal of holdings in other credit institutions; (c) ensure compliance with all prudential requirements laid down in general European Union banking rules; (d) set, where necessary, higher prudential requirements for certain credit institutions to protect financial stability under the conditions provided by European Union law and (e) impose robust corporate governance practices and internal capital adequacy. Where applicable regulations have been violated, the ECB may impose administrative sanctions. The

ACPR, on the other hand, continues to be responsible for supervisory matters not conferred to the ECB, such as consumer protection, anti-money laundering, payment services and branches of third country banks.

Subject to direct supervisory powers which may be attributed to the ECB on certain subject matters, the ACPR supervises financial institutions and insurance undertakings and is in charge of ensuring the protection of consumers and the stability of the financial system. The ACPR is chaired by the Governor of the Banque de France. Following enactment of the banking law No. 2013-672 of 26 July 2013, the ACP was also designated as the French resolution authority and became the ACPR.

Subject to direct supervisory powers attributed to the ECB on certain large financial entities such as the Issuer, the ACPR makes individual decisions, grants banking and investment firm licenses and grants specific exemptions as provided in applicable banking regulations. As a supervisory authority, it is in charge of supervising, in particular, credit institutions, financing companies, investment firms (other than portfolio management companies which are supervised by the AMF) and financial holding companies such as the Issuer. It monitors compliance with the laws and regulations applicable to such credit institutions, financing companies, investment firms and financial holding companies and controls their financial standing. Financial institutions such as the Issuer are required to submit to the ACPR periodic (monthly, quarterly or semi-annually) accounting reports concerning the principal areas of their business. The ACPR may also request additional information it deems necessary and carry out on-site inspections. These reports and controls allow a close monitoring by the ACPR of the financial condition of each financial institution.

Where regulations have been violated, the ACPR may impose administrative sanctions, which may include warnings, financial sanctions and deregistration of a financial institution or a resulting in its winding-up. The ACPR has also the power to appoint a temporary administrator to temporarily manage a financial institution that it deems to be mismanaged. These decisions of the ACPR may be appealed to the French Administrative Supreme Court (*Conseil d'Etat*). Insolvency proceedings may be initiated against financial institution only after prior permission by the ACPR.

Financial holding companies

In 2019, the Capital Requirements Directive (as defined below) was amended by virtue of the Capital Requirements Directive V (as defined below) in respect to several aspects, including the supervision of financial holding companies and mixed financial holding companies. The key rationale was to lay down a specific approval procedure and direct supervisory powers over, in particular, certain financial holding companies and mixed financial holding companies in order to ensure that such holding companies can be held directly responsible for ensuring compliance with consolidated prudential requirements. In France, the Capital Requirements Directive V was implemented by the Ordinance No. 2020-1635 of 21 December 2020 containing various provisions for the adaptation of the legislation to European Union law in financial matters.

In accordance with Articles L. 517-1 *et seq.* of *Code monétaire et financier*, certain financial holding companies must obtain approval from the ACPR or the ECB (in the situation where they belong to a banking group directly supervised by the ECB). They must also comply with various prudential requirements such as own funds requirements. Pursuant to Article L. 613-34 of the *Code monétaire et financier*, financial holding companies are subject to the resolution framework in France (see “Resolution Framework in France and European Bank Recovery and Resolution Directive” below).

Following the acquisition of LeasePlan, ALD became a regulated entity with the status of financial holding company (*compagnie financière holding*). From a prudential point of view, ALD has become a "significant" financial institution, which implies that it will be directly supervised by the European Central Bank, but also by the ACPR, in their respective areas of competence.

From a prudential perspective, ALD will have to report Solvency, Leverage and Large Exposures ratios, together with other reporting obligations under the European Banking Authority’s supervisory reporting frameworks, i.e. the common reporting (COREP) and financial reporting (FINREP) frameworks. ALD must also carry out the Internal Capital Adequacy Assessment Process (ICAAP) exercise on an annual basis and comply with Pillar 2 requirements that will be determined by the ECB in the context of its Supervisory Review and Evaluation Process (SREP) of the Issuer.

Market Supervision

The AMF regulates the French financial markets. It publishes regulations which set forth regulatory duties of financial markets operators, investment services providers (credit institutions authorized to provide investment services and investment firms) and issuers of financial instruments offered to the public in France. The AMF is also in charge of granting licenses to portfolio management companies and exercises disciplinary powers over them. It may impose sanctions against any person violating its regulations. Such sanctions may be appealed to the Paris Court of Appeal, except in the case of sanctions against financial markets professionals which may be appealed to the *Conseil d'Etat*.

Banking Regulations

The European transposition of the Basel III framework was adopted by European Council and Parliament and published in the Official Journal on 27 June 2013. The Regulation (EU) 2013/575 of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms dated 26 June 2013 and published in the Official Journal of the European Union on 27 June 2013, as amended or replaced from time to time (including by the Capital Regulation II as defined below) (the "**Capital Requirements Regulation**") contains the detailed prudential requirements for credit institutions and investment firms while the Directive (EU) 2013/36/EU of the European Parliament and of the Council on access to the activity of credit institutions and prudential requirements for credit institutions and investment firms dated 26 June 2013 and published in the Official Journal of the European Union on 27 June 2013, as amended or replaced from time to time (including by the Capital Requirements Directive V as defined below) (the "**Capital Requirements Directive**") covers areas where European Union provisions need to be transposed by Member States in a way suitable to their respective environments. The Capital Requirements Directive was required to apply in all European Union Member States by 31 December 2013.

The Directive (EU) 2019/878 of the European Parliament and of the Council dated 20 May 2019 (the "**Capital Requirements Directive V**") amending the Capital Requirements Directive as regards to exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures and the Regulation (EU) 2019/876 of the European Parliament and of the Council dated 20 May 2019 (the "**Capital Requirements Regulation II**") amending the Capital Requirements Regulation as regards to the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposure to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements, have been published in the Official Journal of the European Union on 7 June 2019 and came into force on 27 June 2019. In France, the Capital Requirements Directive V was implemented by the Ordinance No. 2020-1635 of 21 December 2020 containing various provisions for the adaptation of the legislation to European Union law in financial matters (see also "Financial holding companies" above).

On 27 October 2021, the European Commission published three legislative proposals amending the Capital Requirements Directive, the Capital Requirements Regulation and the BRRD on the access to the activity of credit institutions and the prudential supervision of credit institutions, to finalize the transposition of the Basel III framework.

These proposals, aim at *inter alia* (i) introducing adjustments to measurement methods for credit, operational and market risks incurred by credit institutions to ensure that the internal models they use to calculate their capital requirements do not underestimate those risks; (ii) requiring credit institutions to systematically identify, disclose and manage risks in connection with environmental and sustainability growth ("**ESG Risks**") as part of their risk management, and introducing regular climate stress testing of credit institutions by national supervisors to enhance the focus on ESG Risks in the prudential framework; (iii) further harmonizing supervisory powers and tools of local supervisory authorities and reinforcing the sanctions which may be imposed under the supervisory framework, and (iv) introducing new measures to clarify the calculation of internal MREL within European Union banking groups.

On 8 November 2022, the Council set its position on the legislative proposals of the European Commission and these legislative proposals are currently being discussed by the European Parliament and the date of their entry into force is still unknown.

Resolution Framework in France and European Bank Recovery and Resolution Directive

The Directive 2014/59/EU of the European Parliament and of the Council of the European Union dated 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (known as the BRRD) entered into force on 2 July 2014. The French *ordonnance* No. 2015-1024 of 20 August 2015 transposed the

BRRD into French law and amended the French *Code monétaire et financier* for this purpose. The French *ordonnance* has been ratified by law No. 2016-1691 dated 9 December 2016 (*Loi n°2016-1691 du 9 décembre 2016 relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique*). Directive (EU) 2019/879 dated 20 May 2019 (the “**BRRD II**”), which amends the BRRD as regards to the loss-absorbing and recapitalization capacity of credit institutions and investment firms, was published in the Official Journal of the European Union on 7 June 2019 and came into force on 27 June 2019. The BRRD II has been implemented in France with Ordinance No. 2020-1636 dated 21 December 2020 (see below).

The stated aim of the BRRD is to provide the authority designated by each European Union Member State (the “**Resolution Authority**”) with a credible set of tools and powers, including the ability to apply the Bail-in Power, as defined below, to address banking crises pre-emptively in order to safeguard financial stability and minimize taxpayers’ exposure to losses.

The powers provided to the Resolution Authority in the BRRD and the SRM Regulation (as defined in the Terms and Conditions) include write-down/conversion powers to ensure that capital instruments and bail-inable liabilities (including the Notes, if capital instruments prove insufficient to absorb all losses) absorb losses of the issuing institution that is subject to resolution in accordance with a set order of priority (referred to as the “**Bail-in Power**”). Accordingly, the BRRD contemplates that the Resolution Authority may require the write-down of such capital instruments and bail-inable liabilities in full on a permanent basis or convert them in full into Common Equity Tier 1 instruments. The BRRD provides, *inter alia*, that the Resolution Authority shall exercise the write-down/conversion power in a way that results in:

The BRRD provides, *inter alia*, in its Article 48 that, when applying the bail-in tool, the Resolution Authority, shall exercise the write-down and conversion powers in the following order:

- (a) common equity tier 1 instruments;
- (b) additional tier 1 capital instruments;
- (c) tier 2 capital instruments;
- (d) other subordinated debt that forms part of the bail-inable liabilities ; thereafter,
- (e) other bail-inable liabilities (including the Notes),

Following such a conversion, the resulting Common Equity Tier 1 instruments may also be subject to the application of the Bail-in Power.

In addition to the Bail-in Power, the BRRD provides the Resolution Authority with broader powers to implement other resolution measures with respect to institutions that meet the conditions for resolution, which may include (without limitation) the sale of the institution’s business, the creation of a bridge institution, the separation of assets, the replacement or substitution of the institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments) and discontinuing the listing and admission to trading of financial instruments.

The BRRD provides that, for a limited period of time, resolution authorities will have the power to suspend payment and delivery obligations pursuant to any contract to which an institution is a party in certain circumstances, including where the institution is failing or likely to fail.

If the conditions for resolution are met by a particular institution, the Resolution Authority may apply resolution tools such as removing management and appointing an interim administrator, selling the business of the institution under resolution, setting up a bridge institution or an asset management vehicle and, critically, applying the Bail-in Power which consists of write-down or conversion powers with respect to capital instruments and bail-inable liabilities, according to their ranking set out in Article L. 613-55-5 of the *Code monétaire et financier*. For the avoidance of doubt, in the event of the application of the Bail-in Power, (a) the outstanding amount of the Notes may be reduced, including to zero, (b) the Notes may be converted into ordinary shares or other instruments of ownership, and (c) the terms may be varied (e.g., the maturity and/or interest payable may be altered and/or a temporary suspension of

payments may be ordered). Extraordinary public financial support should only be used as a last resort after having assessed and exploited, to the maximum extent practicable, the resolution measures, including the Bail-in Power.

The conditions for resolution under Article L. 613-49 II of the *Code monétaire et financier* are deemed to be met when:

- (a) the Resolution Authority or the relevant supervisory authority determines that the institution is failing or likely to fail, which means situations where:
 - (i) the institution infringes/will in the near future infringe the requirements for continuing authorization; and/or
 - (ii) the institution is/will be in the near future unable to pay its debts or other liabilities as they fall due; and/or
 - (iii) the institution requires extraordinary public financial support (except when extraordinary public financial support is provided in the form defined in Article L. 613-48 III of the *Code monétaire et financier*); and/or
 - (iv) the assets of the institution are/will be in the near future less than its liabilities.
- (b) there is no reasonable prospect that any measure other than a resolution measure would prevent the failure within a reasonable timeframe; and
- (c) a resolution measure is necessary for the achievement of the resolution objectives and winding up of the institution under normal insolvency proceedings would not meet those resolution objectives to the same extent.

The Resolution Authority may, independently of a resolution measure or in combination with a resolution measure, write down or convert into ordinary shares, or other instruments of ownership, capital instruments (including subordinated debt) and eligible liabilities, when it determines that the institution or its group will no longer be viable. In particular, resolution authorities are required to exercise the write-down or conversion power, among others, (i) where the conditions for resolution have been met, before any resolution action is taken, (ii) where it determines that, unless that power is exercised, the institution would no longer be viable, or (iii) where the institution requires extraordinary public financial support (subject to certain exceptions).

When taking a resolution measure, the Resolution Authority must consider the following objectives: (a) ensure the continuity of critical functions, (b) avoid a significant adverse effect on financial stability, (c) protect public funds by minimizing reliance on extraordinary public financial support and (d) protect client funds and client assets, in particular covered depositors. The deposit guarantee and resolution fund (described above) may also intervene to assist in the resolution of failing institutions.

It should be noted that the Resolution Authority's resolution powers have been superseded by the Single Resolution Board (the "**SRB**") since 1 January 2016, with respect to all aspects relating to the decision-making process and the national resolution authorities designated under the BRRD continue to carry out activities relating to the implementation of resolution schemes adopted by the SRB. The SRB acts in close cooperation with the Resolution Authority.

On 18 April 2023, the European Commission issued the Crisis Management and Deposit Insurance framework. If adopted, this proposal would enable authorities to organize the orderly market exit for a failing financial institution of any size and business model, with a broad range of tools. In particular, it is aimed at facilitating the use of industry-funded safety nets to shield depositors in banking crises, such as by transferring them from a failing financial institution to a healthy one. Such use of safety nets (deposit guarantee scheme and resolution funds) must only be a complement to the financial institution's internal loss absorption capacity, which remains the first line of defense. The proposal would further harmonize the standards of depositor protection across the European Union. The new framework would extend depositor protection to public entities (i.e. hospitals, schools, municipalities), as well as client money deposited in certain types of client funds (i.e. by investment companies, payment institutions, e-money institutions).

The proposed reform would also amend the hierarchy of claims. Existing rules set out a three-tier depositor ranking, according to which claims are assessed in a resolution case: covered deposits and claims under the deposit guarantee schemes rank above non-covered deposits of households and small and medium enterprises, which rank above other non-covered deposits. In a majority of Member States, including France, non-covered deposits have the same ranking as other ordinary unsecured claims such as holders of senior preferred debt instruments (such as the Notes).

The European Commission proposal would entail two changes: the removal of the 'super-preference' of claims under deposit guarantee schemes and the creation of a single-tier ranking for all deposits (covered deposits, claims under the deposit guarantee schemes, non-covered deposits of households and small and medium enterprises and other non-covered deposits). As a consequence, all deposits referred to above would rank above ordinary unsecured claims (such as the Notes).

As a consequence, if the European Commission proposal were adopted as is, senior preferred debt instruments (such as the Notes) would no longer rank *pari passu* with any deposits of the Issuer; instead, senior preferred debt instruments (such as the Notes) would rank junior in right of payment to the claims of all depositors. See the Risk Factor “*The principal amount of the Notes may be reduced to absorb losses, and in case of resolution procedure, the Notes may be written down or converted to equity or other resolution measures may be required by applicable French and European legislation*” for further information.

This European Commission proposal will be discussed within the European Council and European Parliament before any final adoption (whose date is unknown).

MREL

As a result of its change of regulatory status into a financial holding company, the Issuer will have to meet, at all times, MREL pursuant to Article L. 613-44 of the *Code monétaire et financier*, the level of which will be determined by the ECB and which is expected to be notified to the Issuer in 2025. The MREL aims at ensuring that financial institutions (such as credit institutions and financial holding companies) have sufficient loss absorption and recapitalization capacity to meet the resolution objectives, and avoiding institutions structuring their liabilities in a manner that impedes the effectiveness of the Bail-in Power.

French insolvency law

The Issuer, being a financial holding company (*compagnie financière holding*) having its registered office in France, may be subject to French insolvency law. Under French insolvency law, as amended by the newly enacted ordinance No. 2021-1193 dated 15 September 2021 implementing EU directive 2019/1023 of the European Parliament and the Council of 20 June 2019 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 (the “**Ordinance**”), in the event of a safeguard procedure (*procédure de sauvegarde*), an accelerated safeguard procedure (*procédure de sauvegarde accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) with a view to restructuring the Issuer’s indebtedness being opened in France with respect to the Issuer, the Noteholders shall be treated as Affected Parties (as defined below) to the extent their rights are impacted by the draft plan and assigned to a class of Affected Parties, provided (save in respect of an accelerated safeguard procedure) that the Issuer has more than 250 employees and a net turnover of more than EUR 20 million, or, alternatively, a net turnover of more than EUR 40 million (assessed on a consolidated basis) at the time of opening of the relevant procedure. Under these circumstances, the following provisions (including the cross-class cramdown mechanism) would apply to the Noteholders.

Under the Ordinance, the following are deemed to be Affected Parties and therefore entitled to vote on the draft plan (i) those creditors (including the Noteholders) whose pre-petition claims or rights are directly affected by the draft plan (such as the repayment terms of the Notes) (the “**Affected Creditors**”) and (ii) those shareholders and holders of security granting access to the debtor’s share capital, provided that their equity interests in the debtor, debtor’s bylaws or their rights are affected/amended by the draft plan (the “**Equity Holders**”, together with the Affected Creditors, the “**Affected Parties**”). They will be gathered in classes of Affected Parties reflecting a sufficient commonality of economic interests on the basis of objective and verifiable criteria set by the court-appointed administrator, which must at a minimum comply with the following conditions:

- unsecured creditors and secured creditors benefiting from a security interest (*sûreté réelle*) over a debtor's asset shall be split in different classes;

- existing subordination agreements are to be complied with (to the extent they have been notified in due course by the Affected Parties to the court-appointed administrator);

- Equity Holders form one or several distinct classes.

The draft safeguard plan prepared by the relevant debtor, with the assistance of the court-appointed administrator, is submitted to the vote (at a two-third majority in value) of the classes of Affected Parties.

Such Affected Parties cannot propose their own competing plan in safeguard procedures (as opposed to judicial reorganisation proceedings).

The contents of the draft plan remain flexible as was the case in the previous regime and may, *inter alia*, include a rescheduling, partial or total debt write-off, and/or debt-for-equity swaps.

If the draft safeguard plan has been approved by each class of Affected Parties, the Court approves the plan after verifying that certain statutory protections to dissenting Affected Parties are complied with, including in particular (i) that the Affected Parties which share a sufficient commonality of interest within the same class are treated equally and proportionally to their claims or rights; (ii) that where certain Affected Parties (within one class) have voted against the draft plan, none of these Affected Parties is in a less favourable situation (as a result of the plan) than it would be in judicial liquidation, in the context of a court-ordered disposal plan or in the context of a better alternative solution if the plan was not approved; and (iii), as the case may be, that any new financing is necessary to implement the plan and does not unduly prejudice the Affected Parties' interests. Once approved, the plan is binding on all parties.

The Court can refuse to approve the plan if there is no reasonable prospect that it would enable the debtor to avoid cash-flow insolvency or ensure the sustainability of its business.

If the draft plan has not been approved by all classes of Affected Parties, such plan may (at the request of the debtor or of the court-appointed administrator subject to the relevant debtor's approval (or at the request of an Affected Party's in the context of judicial reorganisation proceedings)) be imposed on the dissenting class(es) of Affected Parties subject to the satisfaction of certain statutory conditions (known as the "cross-class cramdown mechanism") in addition to the afore-mentioned conditions, including in particular:

- approval of the plan (i) by a majority of classes of Affected Parties comprising a class of creditors ranking above the unsecured creditors or, failing that, (ii) by one of the classes of Affected Parties entitled to vote, other than an Equity Holders class and any other class which one could reasonably assume, based on the enterprise value of the debtor assessed as a going concern, that it would not be entitled to any payment if the order of priority applicable in judicial liquidation or in the context of a court-ordered disposal plan were to be applied;

- satisfaction in full by the same or equivalent means of the claims of the Affected Parties belonging to a dissenting class where a lower-ranking class is entitled to payment or to keep an interest (*intéressement*) under the draft plan known as the "**absolute priority rule**". By exception, at the debtor's or the court-appointed administrator's request (with the agreement of the debtor), the Court may decide to set aside the absolute priority rule if it is necessary to achieve the plan's objectives and subject to the plan not overly prejudicing the rights and interests of the Affected Parties.

In light of the above, the dissenting vote of the Noteholders within their class of Affected Parties may be overridden within the said class or by application of the cross-class cramdown mechanism.

For the avoidance of doubt, the provisions relating to the representation of the Noteholders as further described in Condition 11 (*Meeting and voting provisions*) of the Terms and Conditions will not be applicable to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

The ACPR must approve in advance the opening of any safeguard, judicial reorganization or judicial liquidation procedures.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 12 June 2023 (as amended or supplemented from time to time, the "**Dealer Agreement**") between the Issuer, the Dealer and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealer. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealer. The Notes may be resold at prevailing market prices, or at prices related thereto, as determined by the relevant Dealer, at the time of such resale. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers in particular following a change in a relevant law, regulation or directive. Any such modification will be set out in a supplement to this Base Prospectus.

No action has been taken in any jurisdiction that would permit an offer of the Notes to retail investors, or possession or distribution of the Base Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Neither the Issuer nor any of the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it shall comply, to the best of its knowledge and belief after due inquiry, with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms and that it will obtain any consent, approval or permission required for the purchase, offer or sale of Notes under the laws and regulations in force in any jurisdiction in which it makes such purchase, offer or sale. None of the Issuer or any other Dealer shall have responsibility therefore.

Each of the Dealers and the Issuer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that Materialised Notes may only be issued outside France.

United States of America

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold, within the United States or to, or for the account or benefit of, U.S. persons, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The Notes are being offered and sold only outside of the United States to non-U.S. persons in offshore transactions in reliance on Regulation S. Terms used in this paragraph have the meanings given to them by Regulation S.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Dealer Agreement, it will not offer or sell or, in the case of Materialised Notes, deliver the Notes of any identifiable Tranche (i) as part of their distribution at any time or (ii) otherwise until forty (40) calendar days after completion of the distribution of the Tranche of which such Notes are a part (the "**Distribution Compliance Period**") within the United States or to, or for the account or benefit of, U.S. persons, and it will send to each Dealer to which it sells Notes during the Distribution Compliance Period a confirmation or other notice setting out the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of U.S. persons.

In addition, until forty (40) calendar days after the commencement of the offering of any identifiable Tranche of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering of such Tranche) may violate the registration requirements of the Securities Act.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States. Distribution of this Base Prospectus to any U.S. person or to any other person within the United States is unauthorised and any disclosure without prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States is prohibited.

Any person who subscribes or acquires Notes will be deemed to have represented, warranted and agreed, by accepting delivery of this Base Prospectus or delivery of the Notes, that it is subscribing or acquiring the Notes in compliance with Rule 903 of Regulation S in an "offshore transaction" as defined in Regulation S, or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

Materialised Notes having a maturity of more than one (1) year are subject to U.S. tax law requirements and may not be offered, sold, delivered or pay interest within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

PRO FORMA FINAL TERMS

The Final Terms in respect of each Tranche will be substantially in the following form, duly completed to reflect the particular terms of the relevant Notes and their issue and subject to deletion of non-applicable provisions:

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU on markets in financial instruments, as amended or superseded ("**MiFID II**"); (ii) a customer within the meaning of Directive (EU) 2016/97 on insurance distribution, as amended (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client, as defined in point (8) of Article 2 of Commission Delegated Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "**FSMA**") and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA or (iii) not a qualified investor as defined in Article 2 of the Prospectus Regulation as it forms part of UK domestic law by virtue of the EUWA. Consequently no key information document required by the PRIIPs Regulation as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]¹¹

[*Consider any negative target market.*] Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer[’s/s]’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s]’ target market assessment) and determining appropriate distribution channels.]¹³
